My dear Mr. Le Fanu.

I should be glad to know if you are coming up this way any time next month, so that I can make my arrangements accordingly. As at present arranged I get to Chatrapur 4th. prox. - stay there 5 - 6 to conduct examinations and then go on tour round Berhampore, Purushottapur and Ganjam Taluqs, which will take me on to the end of July.

Things here are not very lively. The monsoon seems to have spent itself in its third burst, and the West Coast rain doesn't seem to work its way across.

I have just come back from Balikunda which is getting bad in parts. The numbers on Gratuitous

relief are bound to increase a little, I expect, say to 50000 by end of Dec. London will go up to about 40000 by 10. Oct and then decline when transplantation begins. I can't start more workers as there are no subordinates - but the chief lines are set fairly strong. There is room for more than I like, but it is necessary to instruct some of these stubborn little creatures who can but won't work. Many of the Dpto subordinates too are not intelligent and exercise no discretion & give me a lot of bother - though the Supervising Staff, Dr Burgess Lacey & Mr Chubb, help. I have a great difficulty about pay masters. Men keep clinching up their forms before coming paid - it takes some time to get another man for an odd thirteen

place.

I am waiting anxiously for a Colony Relief Officer & two. I can't think yet 2, if not 3 men locally - Butler, of a Lascar Regt. now in Cairo at Belampore Francois for work - Phillips, a Scotchman of Travers, now at Bulipalam, and Wallworth, Asst. E.C.R.V. of Wallam. They are all active, bustling men and could do well for the job.

With rain last week, prospects should be all right. I think, before a little gratuitous relief & a kitchen or two, in spite of some hysterical letters in the "Ganjam News" which is a fearful and wonderful paper for getting hold of wrong information, & for making suggestions 3 weeks after they have been adopted.

I hope now to sit down and pay a lot of bad francs advance. The Charitable "Committee" do nothing except sit down at meetings & talk! Their talk being chiefly directed to criticism of what is being done by way of [illegible] relief!

Yours sincerely.

Dear Mr Le Fanu

Things have altered much for the better since you were here. Rice looked ripe & then rains have added 1/3. There we are on 2nd July & nothing left on account but a great harvest. The whole Dist. is now astir. Pattenden Bros. is not made to. Parcutson & Bathie are affected only to [illegible] on the drop of the [illegible] but these are an awful lot of them. I have [illegible] time through these three [illegible] I see now [illegible] to [illegible] Sarrasidhi or the H.A.C's division, which I [illegible]
