Forest NO 642 Misc, dated 2nd July 1897.

Advertising to Board's Proceedings Forest NO 303, dated
11th July 1896, I ^{have} ~~also~~ the honor to report on the Odiyathur West
Block (NO 26) in the Atur Taluk.

2 From the village-war statistics herewith forwarded it will be seen that the reservation of the block does not affect injuriously the ryots of the adjoining villages. On the other hand the block is such a small and isolated area that there is certainly no necessity for ^{not} ~~and~~ at the same time any valid objections to its reservation. The District Forest Officer informs me that he considers the tree growth to be worth nothing at all, but that the ~~area~~ would perhaps be of use as a quarry of ferruginous rock

3 Unless the Board is of opinion that it would be advisable to take up this block as a ferruginous quarry, it may be abandoned. In view of the possibility of working iron ore with gas fuel, I think it may be retained.

Forwarded-I do not think the possibility of working the area for iron ore a sufficient ground for reservation of the area and on the face of the District Forest Officer's opinion suggest the proposal be abandoned.

Resolution.

The Collector of Salem reports with

reference to para 2 of R.P.F. NO 303 dated 11-7-96 that though the proposed Odiyathur West Block is a small isolated area containing trees and of little or no value, it may be retained in view of the possibility of working the area for iron ore. The Conservator does not however consider this as a sufficient ground for the final reservation of the Block. The Board agrees with the Conservator in his opinion and accordingly submit to Government the following draft notification for approval and publication in the Port Saint George Gazette.
