

Revenue (1897) Department.

MISCELLANEOUS SERIES.

G.O., No. 3724

DATED 20th July

[Despatch Abstract.]

Stating that this Govt-
wishes to ~~despatch~~ ascertain the practice pursued
in Bombay in the matter of the classification
of relief workers, enforcement of tasks &c, and
to depute the Sanitary Commissioner to the Bombay
Deccan for the purpose ascertaining if the
Govt of Bombay will afford the necessary
facilities in the matter.

For Orders.

No. 5330 Ins.

If the Govt. means to contest
the decision of the Gov. in regard
to relief maps and classification,
it seems desirable to have definite
information in regard to the
condition of relief matters in
Bombay and along the Bombay
Govt. has ^{not} complained. The
suggested course is, of course,
desirable also on other grounds.

SUBJECT.

Suggesting to Govt. the
advisability of the Sanitary Comm.
mission continuing its tour
into the deccan districts of Bombay
and the deputation of Mr. H. H. H.
Mr. H. H. H., as Personal
Assistant, in the pursuit of
his enquiries and reporting
the facts of orders by wire
in case the above suggestions
are approved.

I am afraid D. H. H.
will not have another
D. H. H. It seems to me it
will be more work of money to
send him to Bombay. Govt. can not
depute him on this special duty.

without the sanction of the Govt of India. and their doing so may not be very pleasing to the Govt of Bombay. If he is sent to inspect India without their knowledge. I am afraid they may make themselves unpleasant over it.

16/7/97
The Sanitary Comm'n is wanted here, & I don't think we can make out a case for asking India to let us send him to Bombay. He would probably end to a dispute with Bombay & the Govt of India. we are not put his word off it.

16/7/97
I don't see that we want India's sanction to depute our Sanitary Comm'n anywhere in India (vide art 73 C.S.R.). But I agree with the hon. W. for that it will not be well to depute him to Bombay at the present juncture. He should certainly be let in for a terribly long report, and in all probability would lead to nothing & might very probably be told by India that we were trespassing on the province of their Mr. Higham.

16/7/97
So long as the Sanitary Comm'n is only about for a short time, say not more than 10 days, & we have not to do any business, I don't see much objection to his visit; but the Sanitary Comm'n cannot make any

16/7/97
under the limitations proposed by the Hon. Mr. Higham, I think the proposed deputation may be of service to this Govt. Orders should be given by Telegraph, and the Govt. of Bombay should be asked by Telegraph to permit the visit.

Resolution

18/7/97
The fact that the ordinary course of business will require the presence of the Sanitary Commissioner at Adoni at the end of this week suggests that it would be well if he were to continue his tour into the Deccan Districts of Bombay, and study the effects of the code revisions in that Presidency, the classification of workers, and the mode of administration of gratuitous relief. Some valuable hints might be gathered, in the course of such a tour, which would be of use in this Presidency in which Mr. Ozanne, the present Famine Commissioner of Bombay, served on relief during the famine of 1876. As much of the country in which Surgeon Lieutenant King would have to pursue his enquiries is occupied by a Kanarese speaking population, the Famine Commissioner would respectfully suggest to Government, that, in permitting the Sanitary Commissioner to pursue his enquiries, Deputy Collector T. Rama Rao, who knows both Kanarese and Hindustani, and is an officer of wide famine experience, might be associated with the Sanitary Commissioner as a personal assistant. If this proposal should commend itself to Government the favor of orders by wire is solicited, in order that the Sanitary Commissioner may start direct from Adoni. The Sholapur district of Bombay is the one to which the Sanitary Commissioner's attention might be specially directed, as it corresponds, in numbers on relief, and in situation and climate, somewhat with the District of Bellary; but if he should think it

it necessary, the Sanitary Commissioner might be permitted to visit other Districts. Perhaps Government would request the Government of Bombay to give the Sanitary Commissioner the necessary facilities for pursuing his enquiries, obtaining access to vital statistics &c.
