REVENUE BOARD OFFICE MADRAS

# Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

*Dated* 15th July 1897.

No. 5357 Jus.

READ the following letter from the Collector of Cuddapah dated 4th July 1897, Ref. on C. No. 740/Ft of 97:

With reference to Board's Proceedings No. 4239 Jus dated 11th June 1897, I have the honour to state that the Deputy Collectors Jammalmadugu and Cuddapah report that an allotment of Rs 6000/- and 700/- respectively is required from Provincial Funds for the improvement of drinking water supply in their Divisions.

2. The District and Taluk Boards have an allotment of Rs. 20,000 under Grant I Public Works and I am taking steps to sanction the amounts applied for by the Deputy Collectors, Jammalamadugu and Cuddapah out of the above allotment. No aid from Provincial Funds is therefore necessary.

3. The Deputy Collector, Sidhout reports that he requires no allotment from Provincial Funds. The Sub-Collector (Mr. Vaughan) states that no grants from Government are required if the amount of Rs. 6000 available under "Market Endowment Funds" be transferred to "Improvement of water supply" and that he will address the District Board separately on the subject.

4. I think that no aid need be given from Provincial Funds for improvement of water supply.

5. In this connection I may state that Mr. Forbes, the late acting Sub-Collector, applied for aid from the Charitable Fund without my knowledge. He never made any reference to me or the District Board but appears to have addressed the District Executive Committee, Indian Famine Charitable Relief Fund, in his capacity as President of the Local Sub-Committee. I was not aware of his having done so, as I did not attend the meetings of the District Committee owing to a long tour through the affected parts of the District and as I knew that the members of the Committee could very well carry on the work without me. Mr. Forbes seems to have thought it would be an excellent thing to get some of the Charitable Fund money for sinking wells and this no doubt explains his action.

JC

It seems to me to be rather of the nature of hair-splitting to say the charitable fund money may be spent on purchase of fodder for cattle but may not be spent on sinking wells. I make this remark not with any wish or intention of starting an argument or raising any question but in order to explain that Mr. Forbes' action was natural though I was entirely unaware of it.

Resolution

Submitted to Government with reference to Government Order No. 2850 dated 5th June 1897.

2. Mr. Yates attention was drawn to the necessity of improving the sources of water-supply in Board's Proceedings Nos (1) 184, (2) 309 and (3) 334 dated 3rd March 1897, 22nd April 1897, and 22nd April 1897 respectively, but from his reports he appears to have done little in this direction, beyond

(1) BP 24-3-97.
(2) PP 326 13-5-97
(3) PP 35-2 17-4-97

beyond repairing wells for Panchamas in three villages.

3. The Collector should see that no undue delay occurs in obtaining the funds proposed to be given to Mr. Vaughan.
