Famine—Establishments.

Requesting the Board of Revenue to arrange for the transmission to the Accountant-General of duplicates of statements received by it from Collectors under section 47 (6) of the Famine Code relative to establishments entertained under their orders.

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following paper:—

From F. C. HARRISON, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 19th June 1897, No. 1871.

With reference to G.O., No. 436, dated 2nd June 1897, I have the honour to state that section 35 of the Famine Code, under which the monthly statement of sanctions for famine expenditure is submitted by this office, refers only to sanctions for expenditure accorded by Government and to charges incurred by Collectors in anticipation of Government sanction; and section 39 directs the latter officers to intimate forthwith to this office any charges so incurred for inclusion in the monthly statement.

2. There is no reference to sanctions relating to establishments in the section, nor is there any provision in section 40 (which empowers Collectors to appoint special establishments) similar to that in section 39 requiring Collectors to communicate to this office sanctions for establishments accorded by them. The heading in Form C, Appendix II, of the Famine Code, also refers only to sums sanctioned for famine relief.

3. Sanctions to the entertainment of establishments accorded by Government have, however, been included in the monthly statements, following the practice which obtained during previous famines. Similar sanctions accorded by Collectors have in no case been communicated to this office, and have therefore not been included in the statements.

4. The only source from which any information in this respect can be obtained in this office is the bill on which pay for the establishments is drawn; but information so obtained will not only be late, but will also show only the actual charges in any month and not the full sanction which is intended to be included in the statement. If, therefore, Government considers it necessary that such sanctions also should be included in my statements, I request that Government may be pleased to issue the necessary order to Collectors to communicate to this office without delay all sanctions accorded by them for the entertainment of establishments under section 40. As regards the inclusion, however, of the cost of establishments sanctioned by the Board of Revenue, I would observe that there appears to be no rule empowering the Board of Revenue to sanction establishments.

5. The classification of the sanctions pointed out in paragraph 2 of the Government order will be attended to in future returns.

ORDER—No. 528, Financial, dated 8th July 1897.

The statements furnished to the Board of Revenue under section 47 (6) of the Famine Code (Form H, Appendix II) contain full information on the points referred to by the Accountant-General, and the Board will be requested to arrange for the transmission of duplicates to that officer, in view to the necessary information being consolidated and submitted to Government with the monthly returns.
