SECRETARY TO THE GOVERNMENT OF MADRAS

GOVERNMENT HOUSE

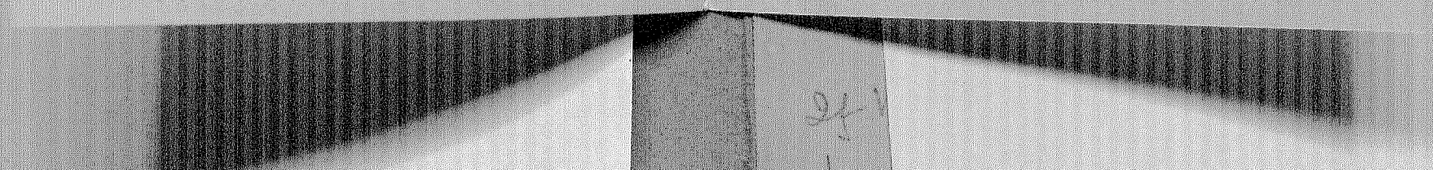

Ootacamund.
the 7th July 1897.

My dear Stokes,

Apropos our conversation last night about the rainfall returns coming from the Board & including only the more important falls, I have told His Excellency, and His Excellency thinks that, under those circumstances, the present rainfall returns are not of much use. His Excellency would like to have accurate returns telegraphed up daily direct from the Districts. He wishes me to say that he knows that this will cause you considerable trouble, but

that it will only be for a few weeks, he hopes; and that it is very important that he and the Members should know accurately what rain is falling in the Districts at this time. His Excellency will leave the details of this arrangement to you.

Yours Sincerely,

G.G. Circular No. 38 15 d/23rd July 97.
