In the case of the officers deputed to
attend the distillery school, the Acct^l General
has taken exception to the grant of $\frac{1}{5}$ of their
pay as deputation allowance & has recommended
that, with the sanction of the Govt of India,
carriage allowance might be sanctioned instead.
In the present case, the Board does not make
mention of any extra allowance. If carriage
allowance is to be sanctioned, India will have
to be addressed.

Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 8th July

1897.

His No. 2883

Resolution:

With reference to Government order No 200 Revenue dated 25th March 1897, the Board begs to report that applications are being received from Collectors from time to time for men to fill up vacancies in Custom Houses and men have been supplied in some instances from the Salt, Akbari and Customs Department.

2. Before the various offices can be got into proper order a number of such transfers will have to be made and the Board considers that it would be an advantage if 6 acting Assistant and Sub inspectors could be deputed for 6 months to learn the work at the Madras Sea Custom House. This would give the Board a staff of competent men who could either be posted permanently to the more important posts or allowed to

to spend a few months at each of the smaller ones getting things into order. The arrangement will cost a little money but it would be well spent as the Board has reason to believe from the result of Mr. Marshall's inspection that the leakage of Customs Revenue at present is ^{very} serious. It therefore requests that Government will be pleased to sanction their deputation by the Board at such times as it is found convenient to relieve them.

Respectfully
Assis^tant Secretary.

The Secretary to Government.
