REVENUE DEPARTMENT.

OFFICE NOTE No. 66

Dated 27th July 1897.

From
The SECRETARY TO GOVERNMENT, REVENUE DEPARTMENT,

To
The Secretary to Govt (P. W. & Irrigation).

With reference to the
subjoined copy of a note by H. R.
the Governor, the undersigned has
the honour to request the favour
of a very early reply to the enquiry
made in G.O. No. 64, Rev. of 21.7.97
re: the probable bund of the
proposed Mahadevapuram tank.

Copy of note of 26.7.97.

The D. P. W. should
be desired to answer promptly
the enquiry made in the linked
file about the Mahadevapuram
tank, so that, if a work should
be needed for relief, that work
might be used for the purpose

Memorandum.

(Revenue Settlement, Land Records and Agriculture.)

Dated 30th June 1894, No. 4758^{mis}.

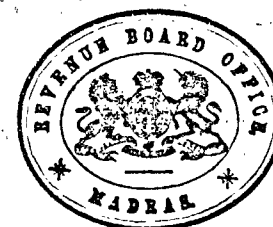

With reference to his remark in the ~~Season~~ and telegram for the week ending 26th June 1894, that intimation was given to the Assistant Engineer at Dommogudem to close the testworks, the Collector¹¹ of Godavari is requested to report at an early date the reason for issuing the order.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 20th July 1897.

No. 5554 Mis.

Read the following letter from the
Collector of Godavari District
dated 6th July 1897 No. 211
of 1897.

In reply to Board's
Memorandum of the 30th
Ultimo No. 4758 Mis received
today, I have the honour to state
that I ordered the tesh work at
Dumagudum to be closed on the
receipt of information that -
in

X Copy attached

in consequence of heavy rain
and the outbreak of cholera, the
number of workers had fallen
from over 800 to much less than
half in such wet weather,
as I understood to be prevailing,
earth work could not but be
detrimental to the health of
the Coolies whilst it was not
fair to the Coolies to give them
only the option of running the
risk of cholera or no aid at
all and not fair to the people
of Dumagudem to insist on
collecting in the village,
a large crowd of the poorest
of the neighbourhood when they
had cholera in their midst.

2. As I presumed that
work

work could only be carried
on very irregularly owing to
the weather, and, at great
risk to the public health both
of the village of Dumagudem
and of the surrounding
villages from which the
workers came, I thought it
advisable to close the works
and not only put the actual
workers and their dependants
on regular gratuitous relief
but also such of those as had
been working and been fright-
ened away by cholera as
seemed deserving such aid.

3. The Probationary
Deputy

Deputy Collector now informs
me that the works were closed
on the 23rd Ultimo but
as some of those who had
been working complained
that gratuitous relief was
inadequate to their wants, and
they could not get work else-
where, he had reopened them
on the 24th idem, the work
being the repair of the Gangole
tank near Dumatgudem but
outside that village which is
the most populous by a long
way in Bhadrachalam, I
have approved his action.
The silt clearance of the Canal
and the construction of a ramp
in Dumatgudem itself have
been

been completed. The Gangole
tank work, he thinks, will
last about a month. When
it is complete the works -
must necessarily be closed
because the plans and
estimates for the Mahadeva
puram Tank, are not ready
and, as it may cost about
a lakh it cannot be begun
till they have been sanctioned,
whilst the only other possible
work - the Parnasala Bha-
drachalam road is un-
suitable as it would be
waste of money to make the
earthwork of the road
without the necessary numerous
bridges.

bridge which would cost far
more than the earth work
and which would make the
cost of the road practically
prohibitive.

Resolution -

Recorded.

2. The Collector

was somewhat hasty in
closing the works. It has
been reopened since.
