NOTIFICATION.

Ootacamund, May 26, 1897.

No. .—His Excellency the Governor in Council, with the previous sanction of the Governor General in Council, is hereby pleased to declare, under the provisions of section 24 of the Madras Forest Act (V of 1882), that the areas specified below which are included in Notification No. 174, dated 20th June 1885, published in the *Fort St. George Gazette*, Part I, dated 7th July 1885, declaring the Vellamundi forest to be reserved forest under section 16 of that Act, shall cease to be reserved forest with effect from the 15th July 1897 :—

SCHEDULE.

Name of reserve or portion of reserve disafforested.	District.	Taluk.	Village.	Area in acres.	Boundaries.
Bit 1	Coimbatore (North).	Satyamangalam.	Kuyanur and Iyampalayam.	23	*North and East.*—Starting from a point three chains south of the north-west corner of field No. 25 of Kuyanur, the line runs east-south-east through fields Nos. 25, 24 and 27 to the north-east corner of the last-named field, and then east-north-east through field No. 28 to the south side of field No. 29; thence that side to the easternmost corner of No. 28, cairn No. 141. *South.*—Thence south-west along the south sides of fields Nos. 28, 27, 26 and 25 of Kuyanur village to the southernmost corner of the last-mentioned field; then it enters Iyampalayam village and through the unsurveyed portion of the same village, a straight line south-west for four chains to cairn No. 140. *West.*—From the last-named point a straight line due north for twenty-one chains to the starting point. BRIEF DESCRIPTION.—For all portions to be unreserved. Forest land covered with a thin scrubby growth chiefly of *albizzia amara*. In many cases the portions excluded are fit for cultivation. REASONS FOR DISAFFORESTATION.—The selection of the block having been made in the earlier years of forest reservation (1884), the boundaries were found to be faulty when actual demarcation was commenced. The notification of the boundary line was accordingly decided upon and this has made it necessary to exclude from the block several bits which are not required for reservation or which spoilt the shape of the reserve.

Disafforestation.

Ordering the publication of a notification for the — of certain lands included in reserved forests in the Coimbatore district.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—again the following G.O., Mis. No. 2109, Revenue, dated 27th April 1897 :—

Read—again G.O. Mis. No. 551, Revenue, dated 28th January 1897.

Abstract.—Requesting the Board of Revenue to state more fully the case for the disafforestation of portions of the Vellamundi reserved forest in the Coimbatore district.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 173, dated 22nd February 1897 :—

Read—G.O., Mis. No. 551, Revenue, dated 28th January 1897.

Resolution—Forest Mis. No. 173, dated 22nd February 1897.

With reference to the Government Order read above, the Board submits a further explanation of the circumstances which necessitate the disafforestation of portions of the Vellamundi reserve, and a revision of the boundary description.

2. The Vellamundi reserve was selected in 1884 and finally notified under G.O., No. 755, Revenue, dated 20th June 1885, before much experience had been gained of the points to be looked to in the selection of reserves. When demarcation was taken in hand, it became apparent that the boundary line had not been well selected, and the late District Forest-officer Mr. Sheffield made various improvements. The amended boundary was then cleared by Mr. Sheffield and the Conservator Mr. Cherry approved of the alterations (*vide* paragraph 3 of the inspection notes in Board's Proceedings, Forest No. 280, dated 18th April 1893).

3. The rectification of the boundary line made it necessary to throw out of the reserve, as notified under section 16, several areas which were not required for reservation or which spoilt the shape of the reserve. A draft notification describing the boundary as amended was accordingly submitted by the Collector in the year 1893 for the approval of the Board and Government, but the Board was compelled to return it for revision, as the proposed amendment incorrectly included land which had not been notified originally and which therefore did not fall within the reserved limits. Moreover, no separate notification was submitted under section 24 for disafforesting those portions which it was proposed to exclude.

4. In due course, the Collector submitted a revised notification amending the original boundary description and also a draft notification under section 24 for disafforesting the portions cut out by the revised boundary line. These papers had to be twice returned to the Collector as the map and the notification received from him did not tally with each other and as the notification under section 24 had not been correctly drawn up.

5. In October 1896, the Board received the papers again from the Collector and the notification under section 24 was found to be fit for submission to Government. It was accordingly submitted in the Board's Proceedings of December 1896 on which the present reference has been made. The amended boundary notification for the reserve was, however, incorrect in many respects and had to be materially altered in the Board's office as explained in paragraph 4 of the above Proceedings. It dit not seem necessary to delay the submission of the section 24 notification on this account, and as the formal sanction of the Government of India is required for disafforesting areas

once finally notified, the notification was submitted to Government for the necessary action. The amended boundary description was at the same time returned to the Collector for revision.

6. The Board requests that, in the light of this explanation, the notification under section 24 may now be submitted to the Government of India for sanction. Copies of the various Board's Proceedings, in which the notifications had to be returned to the district for revision, will now be submitted for the information of Government.

dated 18th April 1893 and 4th June 1896.

Enclosures.

Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 394, dated 18th April 1893.

Read—Endorsement of the Collector of Coimbatore, dated 9th January 1893, forwarding the following office-note from the District Forest-officer, Coimbatore (North), dated 24th December 1892, No. 3113 :—

I beg to submit herewith a map * of the Vellamundi reserve showing in red with shaded green the reserve as notified under section 16 of the Madras Forest Act and in purple line showing the reserve as surveyed and cleared, and request you will kindly inform me how I should draw up the amended notification mentioned in Board's Proceedings, Forest No. 661, dated 28th November 1892.

* Sent direct to Commissioner.

2. I beg to know whether you approve of the manner I have had admitted rights shown on the map, and whether I may now send the map to the Survey Office, Madras, to have copies made and how many copies I should ask for.

Read—the following Endorsement by the Conservator of Forests, Southern Circle, dated 13th January 1893, No. 51 :—

Forwarded to the Board of Revenue. I am not sure whether the Proceedings referred to in paragraph 1 of the District Forest-officer's note sufficiently covers the alterations made in the boundary. These alterations were referred to in paragraph 3 of my last inspection note.

2. As regards the District Forest-officer's paragraph 2, his attention should be drawn to the instructions approved in Board's Proceedings, No. 314, dated 6th June 1889, and No. 253, dated 7th May 1890.

The maps prepared departmentally should, as far as possible, be similar to those prepared by the Survey of India Party.

3. Copies of the map should not be made until the rectification of the boundary has been properly notified, and the number of copies indented for should be the same as the number agreed on to be supplied by the Survey of India, viz., 18 copies, all colored, of which six mounted in book form half margin official size, three mounted on cloth and complete, three mounted on cloth in separate sheets and six unmounted.

Resolution—Forest Mis. No. 394, dated 18th April 1893.

The amended boundary line includes land situated outside the reserve boundary as finally notified under section 16 of the Act. This should not be. In other respects the proposed line seems unobjectionable.

2. The area of land that will be thrown out by the proposed modifications should be reported when the revised draft notification is submitted for approval.

Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 788, dated 4th June 1896.

Read—again Board's Proceedings, Mis. No. 394, dated 18th April 1893.

Read—the following letter from the Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Southern Circle), dated 20th December 1894, No. 2929 :—

With reference to Board's Proceedings, dated 18th April 1893, Forest Mis. No. 394, I have the honour to forward herewith the map of the Vellamundi reserved forest and revised descriptive boundary, and a draft notification for approval and publication in the *Fort St. George Gazette*.

2. The boundary line, as amended, includes no land situated outside the limits originally notified under section 16 of the Act.

3. The straightening of the boundaries throws out a total area of 2,123 acres from the reserve and before the draft notification referred to above can appear, it will be necessary to obtain the sanction of the Governor-General in Council to the above area being disafforested.

4. I enclosed a draft notification under section 24 of the Forest Act, which gives only the total area to be disafforested, omitting details as to survey numbers. The portions thrown out being in almost all cases portions of such numbers, it is difficult to give details of them, and further they do not appear to be necessary, as the new boundary specification shows what portions of the fields are now included.

Endorsement by the Conservator of Forests, Southern Circle, dated 10th January 1895, No. 35.

Forwarded.

There has been too much delay in attending to this matter.

Reference on the above, dated 19th February 1895.

The revised boundary description of the Vellamundi reserved forest, submitted with the letter read above, does not tally in certain respects with the sketch-map submitted as shown below :—

(*a*) The names of the places from, and to which some of the roads mentioned in the boundary description run, are not correctly shown in the map.

(*b*) The fields and khandams are not shown on the map.

(*c*) The names of some of the villages referred to in the boundary description either do not correspond with those entered on the map or are entirely omitted (*e.g.*), Kuduvai, Kuduveri, Thoddampálaiyam and Basaripálaiyam.

The papers will therefore be returned for rectification with reference to the foregoing remarks.

2. Fields Nos. 332-B and 332-D of Toppampálaiyam and No. 359 Shenbegaputtur are shown as enclosures within the reserved forest (*vide* remarks column of the schedule appended to the notification in G.O., No. 755, dated 20th June 1895). As

these fields fall outside the revised boundaries now proposed to be adopted, a note to the effect that these fields cease to be enclosures should be inserted in the revised draft notification under section 16.

3. With reference to paragraph 4 of the Collector's letter, his attention is drawn to the Government of India letter communicated with Board's Proceedings, Forest No. 555, dated 26th July 1893, according to which the description of boundaries given in draft notifications under section 24 should be rendered detailed and precise. A revised draft in the prescribed form should be submitted.

Read—Endorsement of the Conservator of Forests, Southern Circle, dated 31st March 1896, R. C. No. 3126, forwarding the following letter from the Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue, Madras, dated 29th February 1896, R. C. No. 536 :—

With reference to Board's Reference on Forest Register No. 93 of 1895, dated 19th February 1895, I have the honour to forward herewith the map of the Vellamundi reserved forest and the revised descriptive boundary thereof. The boundary description and map now agree in all respects.

2. Necessary remarks have been inserted in the revised notification as pointed out in paragraph 2 of the Board's Proceedings.

3. *Paragraph* 3.—A draft notification under section 24 is also sent giving the detailed boundaries of the 63 pieces excluded from reserved forest.

4. The following rights of way do not appear in the sketch of the reserve for the reasons given against each :—

(1) *Claim No.* 32 *of B Register—Rights of way to Pilliarkovil on the rock called Pilliarmokai about* 1½ *miles north-west of Mudukantharai.*—The path to the temple lies along the Satyamangalam-Sirumugai road and thence about 2 furlongs through the reserve to the temple. It is not known where this path runs. The temple referred to must lie far out of the reserve, and it is likely that the path is now excluded.

2. *Claim No.* 32—*Right of way over the Itteri No.* 37 *which goes for a quarter of a mile through the reserve towards Pongar, &c., places.*—The information given concerning this path in the register is very vague and no such path appears in the village-map.

(3) *Claim No.* 34—*Path entering the reserve north of field No.* 346 *and leading to patta fields Nos.* 354, 357, 375, 378, 377 *and* 379.—The path now lies entirely outside the reserve.

(4) *Claim No.* 35—*Over a foot-path leaving the Sirumugai-Satyamangalam road east of its junction with Sirumugai-Satyamangalam road.*—It is not known where this path runs. From the wording of the claim register, there is evidently some misprint in it.

(5) *Claim No.* 155—*From Vinnampalli to the well at Kurumbapálaiyam village.*—This path now lies some distance outside the reserve.

Resolution—Forest Mis. No. 788, dated 4th June 1896.

The draft notification under section 24 of the Forest Act received with the second of the letters read above will be returned to the Collector for revision and resubmission with reference to the following remarks :—

(i) The boundary description of the first 24 of the 63 bits to be disafforested was checked in the Board's office and it is found that the map and notification, as submitted by the Collector, do not correspond with each other as will be seen from the pencil alterations made in the latter document. These alterations should be duly verified and confirmed and similar alterations should be carried out in respect of the remaining bits, the whole draft notification being re-written if necessary. The necessity for accuracy of the description has already been pointed out in paragraph 3 of the reference order read above, and unless this is secured, the Government of India will not* accord its sanction for the publication of the notification.

* *Vide* Government of India letter with Board's Proceedings, No. 555 of 1893.

(ii) In several cases the limits of the fields referred to in the notification have not been shown in the sketch, and consequently it is extremely difficult to ascertain whether a certain point is the given corner of the field or not. The limits of the field should invariably be shown in the map.

(iii) The distances from point to point in unsurveyed portions should be given thus—

"thence through the unsurveyed portion of Madukanthorai village for chains to cairn No. ; thence in the same direction for so many chains to cairn No. ."

2. The amended boundary notification cannot be submitted for the approval of Government until the draft notification referred to above is approved and published.

Order—Mis. No. 2109, Revenue, dated 27th April 1897.

The draft notification submitted by the Board is approved subject to the following remarks and modifications:—

(1) The direction of the lines given in the notification does not always tally with that marked in the map. The difference, however, is observable mostly in the case of the outer boundaries and as it is not of much importance, the description of the boundaries has been allowed to stand.

(2) In the description of the northern boundary of bit No. 56, the expression "cairn No. 8" is evidently a clerical error for "cairn No. 81." The necessary correction has now been made.

(3) In the column headed "reasons for disafforestation," the following *pencil* remark is all that has been proposed to be entered:—

Though there is no demand at present for the area to be disafforested there is little doubt that when excluded it will be taken up for cultivation.

The above statement can hardly be considered to be a reason for disafforestation. The following remarks will accordingly be substituted for it:—

The selection of the block having been made in the earlier years of forest reservation (1884), the boundaries were found to be faulty when actual demarcation was commenced. The rectification of the boundary line was accordingly decided upon and this has made it necessary to exclude from the block several bits which are not required for reservation or which spoilt the shape of the reserve.

2. The notification, as modified with reference to the remarks contained in items (2) and (3) above, will be forwarded to the Government of India with the request that its promulgation may be sanctioned.

Letter—from the Secretary to Government, Revenue Department, Madras, to the Secretary to the Government of India, Revenue and Agricultural Department, dated 27th April 1897, No. 2109-A:—

With reference to the provisions of section 24 of the Madras Forest Act (V of 1882), I am directed to request that His Excellency the Governor-General in Council will be pleased to sanction the issue of the accompanying notification directing that 63 pieces of land included in the Vellamundi reserved forest, Coimbatore distri[ct] cease to be reserved from a date to be hereafter fixed by this Governmen[t].

2. I am to state that the suggestion to disafforest the areas in question has proceeded from the local revenue and forest officers, and that on receipt of the sanction above applied for, His Excellency the Governor in Council proposes to publish a revised notification under section 16 of the Forest Act describing the new boundaries of the reserve. I am to add with reference to the remarks contained in paragraph 2 of Mr. Sly's letter, No. 544-F—29-29, dated 25th June 1896, that it has been reported that "though there is no demand at present for the area to be disafforested, there is little doubt that when excluded it will be taken up for cultivation."

3. A sketch-map of the reserve showing clearly the lands to be disafforested is enclosed for information.

Read—also the following letter from F. G. SLY, Esq., C.S., Under Secretary to the Government of India (Department of Revenue and Agriculture—Forests), to the Secretary to the Government of Madras, Revenue Department, dated Simla, the 18th May 1897, No. 432-F—16-16.

In reply to your letter No. 2109-A, dated the 27th ultimo, I am directed to convey the sanction of the Government of India, under section 24 of the Madras Forest Act (V of 1882), to the exclusion from reserved forests in the Coimbatore district of the lands specified in the draft notification appended to your letter.

The enclosures of your letter are returned.

Order—No. 395, Revenue, dated 26th May 1897.

Forest No. 87.

The notification will now be published in the Fort St. George and the Coimbatore District Gazettes, the 15th of July next being fixed as the date from which the disafforestation shall take effect.

Brief description for all portions to be unreserved.—Forest land covered with a thin scrubby growth chiefly of *albizzia amara*. In many cases the portions excluded are fit for cultivation.

Reasons for disafforestation.—The selection of the block having been made in the earlier years of forest reservation (1884), the boundaries were found to be faulty when actual demarcation was commenced. The rectification of the boundary line was accordingly decided upon, and this has made it necessary to exclude from the block several bits which are not required for reservation or which spoilt the shape of the reserve.
