The Collector reports that the land is to be included in the Compound of the temple and also that in selling the site the right to assessment was not reserved, the land ~~was~~ being part of village site. The Board considers that, in the absence of a provision in the notice of sale to the effect that the right to assessment was reserved, the land must be held to have been sold under the provisions of S. O. No. 37. The land is not therefore liable to assessment and no further action is needed.
