## Proceedings of the Board of Revenue

(Land Revenue),

Dated 4 March 1896  
No. 1077 Miscellaneous

READ the following letter from W. J. H. LeFranc  
Esquire, Collector of Nellore, dated  
26 February 1896, Ref no 1655-42160  
For

Messrs Best and Co Madras,  
having applied for grant of two  
plots of land - one measuring  
one acre, for mining, and the other  
10 acres, for prospecting, for mica  
in Vallapalem and Pralajin-  
patnam villages, Atmakur Taluk,  
I have the honor to forward a  
sketch showing the position of  
the sites above mentioned. There  
is no objection to the grant thereof  
under the usual conditions.

2. The applications presented by Messrs Beest and Co. are enclosed. The delay in sending them up for the Board's orders is due partly to the fact that particulars regarding the site for prospecting, were received from Mr. Castor only on the 9<sup>th</sup> of January 1896 and partly, that the sketch received from the Engineer showing the position and boundaries of the plots was incorrectly drawn up and it was returned for revision. The revised sketch was received on the 14<sup>th</sup> instant.

I have to.

(Signed) W. J. H. Le Fanu  
Collector.

## Proceedings of the Board of Revenue

(Land Revenue)

Dated 14 July 1897.  
No. 2607 Miscellaneous

READ the following letter from E. Scott Esquire, acting Collector, Bellary, dated 30<sup>th</sup> June 1897, Ref<sup>no</sup> 100, and endorsement of the Conservator of Forests, central circle, thereon, dated 5<sup>th</sup> July 1897, <sup>no</sup> 30.

I have the honor to submit for the Board's orders, various applications in the prescribed form for mining for mica in the Nalla-pallem village, Attmakur Taluk.

Forwarded.

Resolution

Submitted for the orders of Government.

2. The Board supports the Collector's proposals.

3. It is presumed that if Burala Venkata Subba Reddi offers to take so much of plot no. I as is not included in plot no. III, this portion will be added to plot no. IV and both treated as a single block for the purposes of para 18 of the mica mining rules.

4. The Board notes that the difference in extent between plots nos. VII and VIII is 3.19 acres and not less than 3 acres as stated by the collector. The application for plot no. IX was however anterior to that for plot no. VIII.
