Proceedings of the Board of Revenue.

(Land Revenue).

No. 2749 Mis, dated 22nd July 1897.

Read again Board's Proceedings No. 1154 HIs, dated 26th March 1897 communicating to the Collector of Malabar for report G. O. regarding repairs to be carried out to the Fort at Palghat.

Forwarded to the Collector of Malabar who is requested to submit at an early date the report called for in Board's Proceedings No. 1154 Mis, dated 26th March 1897.

Read also the following letter from the-V G. W. Dance Esq:
Ag. Collector of Malabar to the Secretary to the Commissioner
of Land Revenue, Madras, No. 1424 Pub, dated 16th June 1897 +

In reply to Board's Proceedings No. 1154 His, dated 26th March 1897, I have the honour to state that a sum of Rs. 27 was expended last year in removing the vegetation from the walls of the Palghat Fort. The Tahsildar reports that "the amount was found adequate to remove only the overgrowth. The roots of the plants have penetrated deep into the fissures and crevices in the walls and these are found difficult to remove, the result being that the plants are growing again on the walls. I do not find a way to remove the roots unless the granite stones with which the walls are built are removed. This can be effected only with a large expenditure"

2. The matter has been neglected too long. But the roots could probably be destroyed, either by dropping quick lime on to them through the crevices in the walls, or by drilling holes in the roots and filling them with mercury. The latter method would probably be more expensive. Perhaps the Board knows of some better expedient.

And the following reference thereon dated 24th June 1897:-

The

Cor is requested to return the enclosure forwarded to him
