GOVERNMENT OF INDIA.
FINANCE AND COMMERCE DEPARTMENT.
(Maritime Trade.)

To The Secretary to the Government of Madras

Calcutta, the 11th January 1897.

SIR,

WITH reference to paragraph 6 of the letter from the Department of Revenue and Agriculture, No. 1 G.—22-1, dated the 9th instant, I am directed to request that arrangements may be made without delay to send to the Director-General of Statistics every Monday by ~~deferred telegram~~ the quantity (in maunds) of food grains and pulses (a) imported and (b) exported during the preceding week at the port of Madras. To save time the return should be sent direct by the Collector of Customs in each case.

2. The figures required are the aggregate quantity in round hundreds of maunds, of all food grains and pulses, and should represent (a) all imports and (b) all exports from and to all foreign countries and all coast ports, the total of the two figures being added as a check figure: thus, if during the week which ends on Saturday the 16th January 22,443 maunds were imported into, and 110,685 exported from the port of Bombay, the telegram should run—

“To Calcutta, Director-General, Statistics Bombay sixteenth imports 224 exports 1,107 total 1,331.”

3. Similar arrangements should, I am to add, be made for the supply in the same manner of returns from each of the coast districts in the Madras Presidency by the Collectors of such districts, the figures for the ports within each district being totalled by the Collector and then telegraphed by him to the Director-General of Statistics as the sum of the (a) imports and (b) exports of the ports of his own district. Care should be taken to exclude from the figures the interportal trade between ports within the district.

I have the honour to be,

SIR,

Your most obedient Servant,

Asstt Secretary to the Government of India.

Government {1897} of Madras.
