Proceedings, Forest No. 134, 26th March 1897.

MARCH.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Forest Act for the constitution of the Perinadu blocks I, II and III in the Gudur taluk, Nellore district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue, Land Revenue, Forest Mis. No. 876, dated 18th June 1896:—

Read—the following letter from K. C. MANAVEDAN RAJA, Esq., Collector of Nellore, to the Secretary to the Commissoners of Land Revenue (through the Conservator of Forests, Central Circle), dated 24th November 1895, No. 1152-For.:—

I have the honour to enclose copy of the Forest Settlement-officer's letter No. 124, dated 30th September 1895, reporting the completion of the settlement of Perinadu blocks—I, II and III (Sríharikóta minor forests), and to request that Government may be moved to issue notification under section 16 therefor.

2. Blocks II and III are less than a square mile, each measuring 350 and 65 acres, respectively. But as these blocks are fairly well wooded and supply wood for the annual repairs to Dyke's bund, and as they have been under special conservation for a great many years even during the time the district was administered by the Jungle Conservancy Department, I strongly advocate their retention.

3. The claim register, draft notification and the area statement are enclosed.

4. I suggest that 1st February 1896 may be fixed as the date from which reservation should take effect.

5. Certain omissions having been found in the claim register, it was returned to the Forest Settlement-officer for rectification, and was finally received from him on the 12th November 1895; hence is the delay in submitting this report.

ENCLOSURE No. 1.

From E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., Districts, to the Collector of Nellore (through the District Forest-officer, Nellore), dated 30th September 1895, No. 124.

I have the honour to submit the report on the conclusion of the settlement of the proposed Perinadu blocks I, II and III, included under Sríharikóta minor reserves in the Gudur taluk of the Nellore district.

2. The initial notifications under section 4 of the Madras Forest Act proposing to constitute the area into a reserved forest appeared in the *Fort St. George Gazette*, dated 13th November 1883. The Sub-Collector of Nellore was first appointed as Forest Settlement-officer for this block. The proclamation issued by him on 28th January 1884 was published in the Nellore District Gazette, dated 9th February 1884 and the time allowed for the presentation of claims expired on the 9th May 1884.

3. M.R.Ry. I. Sarabhalingam Naidu Garu was subsequently appointed as Forest Settlement-officer, and then M.R.Ry. C. Somasundra Sastriar Avargal succeeded him. By notification published in the *Fort St. George Gazette*, dated 25th July 1893, I was appointed Forest Settlement-officer.

4. The Settlement of the reserve was begun by Mr. W. J. Tate, the then Sub-Collector of Nellore, and was conducted by him till the 15th August 1885. The reserve was also inspected by me in March last. Forty claims in all were registered for the following rights:—

(i) One claim to Government patta land.
(ii) Four claims to Rokkadayam trees.
(iii) Five claims which are requests by the villagers to free grazing and pasture.
(iv) Six claims to firewood and agricultural implements.
(v) Four claims to worship at shrines.
(vi) Two claims to rights of way to the shrines.
(vii) Seventeen claims to certain rights of way.
(viii) One claim for certain records.

The one claim to the Government patta land and three claims to the Rokkadayam trees involved in items Nos. (i) and (ii) have been admitted and the patta land and the Rokkadayam trees have been acquired on payment of money compensation. The remaining one claim to Rokkadayam trees have been rejected as the claimant failed to prove his title to the same. The five claims which are made, requests from the villagers to be allowed for grazing and pasture, and the six claims from the villagers to firewood and agricultural implements involved in items Nos. (iii) and (iv) have been rejected as the ryots are not, as a matter of right, entitled to the same. The four claims to worship at the shrines and two claims to rights of way to the same involved in items Nos. (v) and (vi) have been admitted; of the four shrines claimed, three have been ordered to be demarcated out and retained as enclosure within the reserve with necessary access, while the remaining shrine has been excluded by an alteration of the boundary of the reserve. The seventeen claims to rights of way involved in item No. (vii) have been admitted and the one claim for certain records involved in item No. (viii) has been rejected, as this is not a claim.

5. The whole of the Sríharikóta reserve have hitherto been treated as one reserve with one general B register, but as there has already been much delay in the submission of the final report owing to the difficulty in arranging for suitable exchanges in the case of lands to be acquired for the Sríharikóta major reserve, I have considered it advisable to split up the B register and to submit separate reports of Sríharikóta major and minor reserves; hence the submission of this report now.

6. The reserve is thus free of all rights except those stated above.

7. The following are submitted herewith:—

(*a*) A signed copy of the B register of claims.
(*b*) Draft notification under section 16.
(*c*) The sketch-map of the reserve.

8. The date from which reservation is to take effect has to be inserted in the draft notification.

ENCLOSURE No. 5.—Sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Kumbakónam, 30th November 1895, No. 1013.

Forwarded.

Resolution.—Forest Mis. No. 876, dated 18th June 1896.

Returned to the Collector of Nellore for amendment with reference to the following remarks:—

(i) Although the Forest Settlement-officer's report states that all the trees concerned in claim 1 have been acquired for the reserve, his decision shows that only 82 trees have been so acquired. It is noted that the trees acquired in this and other claims are not indicated by distinct colouring on the sketch-map.

(ii) *Claim* 4.—The number of the Proceedings quoted in the decision on this and certain other claims, as well as the authority passing it, should be quoted for facility of reference.

(iii) *Claim* 5.—The name of the village to which the claimants belong is not given in this and certain other claims. The omission should be supplied.

(iv) (*a*) *Claims* 21 *and* 36.—The points of entrance of the paths concerned should be more definitely fixed.

(*b*) *Claim* 22.—The cart-track admitted enters the reserves south of the south-west corner of survey No. 251 as per notification and not at its south-west corner as given in the register.

2. An early return of the papers duly revised is requested.

Acting Secretary.

To the Collector of Nellore (through the Conservator of Forests, Central Circle, with five enclosures).

READ.—also the following letter from E. SCOTT, Esq., Acting Collector of Nellore, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 22nd August 1896, No. 372-For. :—

Claimants Papi Reddi (by son Bali Reddi, village munsif), Chenga Reddi, Subba Reddi and others present. All agree that the munsif should speak for them. They claim firewood from the whole village but not from the land taken from them and only allowed for grazing on pullary in F. 84 or thereabout.	.... Claimants Talari Subbanna, Narayana Chetti, Talari China Veeriah, present. They say they claim for the whole village and are willing to join the munsif to the claim and to speak for them. The munsif says he wants wood for agricultural implements from the whole jungle but admits that since F. 84, he has not taken away from the part set aside for pullari grazing.	The District Forest-officer requests reference to his general remarks. There is a market house of timber in the Sriharikóta minor forest, and even supposing the people were allowed to exercise their claim, the want of wood would certainly prevent their doing so. The statements made regarding the remarks of picottas are not correct.	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Guruvappa Reddi, Subbaraya Reddi, Chenchu Reddi, Appayaperumal, Ramasawmy, Raghavan Tambaigaru, Veerasawmy and Gopisetti Venkanna are present. They are all willing that their claim should be treated as one for the village and the munsif would speak for them. He says the F. 84 arrangement for free grazing though not adequate may be accepted but that an average 1 acre or 2 acres per head founded on the accounts will be wholly insufficient.	.... They consent to the munsif's speaking on behalf of the whole village. The claims for the whole village. Claimant No. 2. The munsif says that in F. 84 they were allowed a certain area (646 acres) free and the rest as kancha (542 acres) that they complained and the arrangement was set aside by the Collector in F. 89. They claim the whole reserve.	The District Forest-officer says he does not admit the claim to graze over the whole village. In no instance have I heard of such right being given by competent authority. If the people claim to be treated according to zemindari system, they would have to pay for grazing.	Claim rejected—*vide* Proceedings of 17th July 1885, of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
603 10	Chinna Sundra Reddi, Pedda Sambasiva Reddi and 6 others of Koradi.	3rd May 1884.	Claim right to firewood and wood required for agricultural implements.	Pedda Sambasiva Reddi (munsif) and other claimants present as for one, they claim the southern portion of khandam No. 7, for the purpose according to F. 84 arrangement and admit that they can get firewood to some extent from khandam No. 2 outside the reserve.	The District Forest-officer says the trees claimed are mostly not in the jungle at all except chekerayi which is useless for ploughs.	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
604 11	Koradi Jagannadha Reddi, Linga Reddi, Appasawmy Reddi and five others of Koradi.	3rd May 1884.	Claim right to standing trees on Rokkadayam patta.	Claimant No. 1 is dead. Veera Moodaly for Linga Reddi, Appasawmy Reddi, T. Sambasiva Reddi and Sundra Reddi's son Velayada Reddi are present. The No. 5 accounts examined do not show the number of trees or the fields on which they stand for any of the pattas not only the amount collectable. The claim also does not specify the trees and no patta is produced. The karnam says there are entered in paimash Nos. 1, 3, 4, 5, 6, 10 and 11. The number of trees appertaining to such patta is given no where and there are other pattas paying Rokkadayam kist and this for the trees for which they must be deducted from the following total :— Palmyras .. .. 5,100 Date trees .. .. 79 Total .. 5,179 Anadhinam.—The No. 5 (karnam's office copy) also give tamarind and the claimants speak of them in the claim. They are, however, not in the fair copy of the No. 5. They are 23 in number.	The District Forest-officer says as follows :— "Please see proposals now before Government."	Claim admitted in the names of Govinda Reddi said by the karnam to be eldest son of Jagannadha Reddi, Linga Reddi, Appasawmy Reddi, Karumballa Sambasiva Reddi, Janapa Reddi, Sambasiva Reddi, China Sambasiva Reddi, Penkasundra Reddi, Narayanasawmy Reddi, also to a right of way to the same provided that only the trees still standing in the reserve which belong to these pattadars are covered by this order. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer. NOTE.—The trees have been acquired on payment of money compensation of Rs. 248-8-0, sanctioned in Board's Proceedings, No. 725, dated 1st September 1891. (Signed) E. A. SMITH. 26th September 1895. Forest Sett.-officer.
605 12	Gida Vencata Anki Setti, Gunda Achayya and others of Pantrangam.	6th May 1884.	Claim right for pasture ..	Claimant Gida Vencata Anki Setti, Mekala Kuppadu and Perugadu and Kristnadu are present. The munsif is a minor and his gumastah is said to be not well.	....	Claim rejected—*vide* Proceedings of 17th July 1895 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
606 13	Gida Vencata Anki Setti and others of Pantrangam.	Do.	Claim right to firewood ..	Gida Vencata Anki Setti present. They claim for the village and Anki Setti speaks for all. He claims the use of the proposed reserve for firewood, as there is no other place in the village whence it can be got but admits that the ryots bring firewood from a spot in Kadapatteda east and outside the reserve.	The claimants say they claim for the whole village and want Anki Setti to speak for them. He says that of the four pasture dibbas in the village, the reserve has taken up two which form the whole reserve. He therefore claims the whole reserve. There was no arrangement in F. 84 made in their village.	Claim rejected—*vide* Proceedings of 17th July 1895 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
607 14	Gida Vencata Anki Setti and others of Pantrangam.	Do.	Claim right to obtain wood required for agricultural implements.	Gida Vencata Anki Setti is present. Anki Setti speaks for all. They claim for the whole village. Anki Setti says he claims wood for ploughs and picottas from the whole of the reserve, especially Pala, Vepa and Cherkerini which is wet.	....	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
789 15	The District Forest-officer, Nellore.	26th July 1888.	Claims on behalf of Anki Setti of Pantrangam right to the produce of such of his Rokkadayam trees as may be found in the reserve.	Though the man holds a patta for 701 palmyra trees according to No. 5 account, it is not clear whether this number includes any trees in survey No. 2 of the village. In the survey number, there are 11 full and 98 young palmyra trees belonging to this man. According to the present enumeration, he does not wish to have this right to these confirmed and states that he planted them for the use of travellers on the path way from Raya Doruvu to Reddipalem to which they lie close.	....	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer. The claim is rejected. (Signed) I. The man holds a patta for 1,500 palmyra and date, 9 mango trees (*vide* village account No. 5) and the account of F. 1283 gives the following particulars :— Survey No. 511 Palmyra trees .. .. 10-A 23 Mango „ .. .. 10-A 1 Palmyra tree .. .. 339 1 Do. .. .. 343 296 Palmyra trees .. .. 441 of Damarayi. According to the present enumeration, there are within the reserve 94 full palmyra trees belonging to the man in survey No. 10-A and 339 of Damarayi and four decayed mango trees in survey Nos. 343 and 341. The case of the decayed mango trees is out of the question seeing that the claim is only for the produce and decayed mango trees are incapable of yielding any produce. The claim as regards the 94 full palmyra trees is supported by the account of F. 1283.	....	The claim is admitted in the name of Venkat Kistna Reddi to the produce of 94 full palmyra trees and the produce may be sold or bartered. (Signed) I. SARABHALINGAM NAIDU, Forest Sett.-officer. 6th August 1888. RESOLUTION—Forest No. 134, dated 26th March 1897.

The settlement records revised and received with the letter read above will be submitted to Government with the request that the draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*.

2. (i) *Claim No.* 17.—It is observed that the position of the shrine has not been fixed with precision.

(ii) *Claim No.* 29.—The point at which the cart-track branches is not given in the settlement records. The Board has made the necessary alterations in the register and draft notification so as to accord with the sketch-map.

(iii) *Claim No.* 30.—Though the cart-track excluded in this claim forms the southern boundary of block III, the boundary line on the map is indicated below the said path. The map should be corrected when returned to the Collector.

(iv) *Claims Nos.* 34 *and* 38.—The paths dealt with being identical, and the date of presentation of the claims by the District Forest-officer being the same, it is not understood why the District Forest-officer should have put forward the same claims before the Forest Settlement-officer twice.

3. The proposed block is one of the "Sriharikóta" minor reserves, and though the major and minor forests were dealt with together as one reserve in a consolidated claim register, the register had to be split up into one for each reserve owing to the

delay and the difficulty in arranging for suitable exchanges in the case of lands to be acquired for the Śrîharikóta major reserve the papers of which have been returned by the Board for revision.

4. The blocks lie in the Gudur taluk and may be declared "reserved" from the ~~30th June~~ 31st July 1897. It is divided into three separate reserves at settlement with an aggregate area of 2,955 acres.

Reserved Forests.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Perinadu blocks Nos. I, II and III in the Gudur taluk, as — ordered to be published in the Fort St. George and the Nellore District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 134, dated 26th March 1897 :—

Read—again the following Proceedings of the Board of Revenue, Land Revenue, Forest Mis. No. 876, dated 18th June 1896 :—

Read—the following letter from K. C. MANAVEDAN RAJA, Esq., Collector of Nellore, to the Secretary to the Commissoners of Land Revenue (through the Conservator of Forests, Central Circle), dated 24th November 1895, No. 1152-For. :—

I have the honour to enclose copy of the Forest Settlement-officer's letter No. 124, dated 30th September 1895, reporting the completion of the settlement of Perinadu blocks—I, II and III (Sríharikóta minor forests), and to request that Government may be moved to issue notification under section 16 therefor.

2. Blocks II and III are less than a square mile, each measuring 350 and 65 acres, respectively. But as these blocks are fairly well wooded and supply wood for the annual repairs to Dyke's bund, and as they have been under special conservation for a great many years even during the time the district was administered by the Jungle Conservancy Department, I strongly advocate their retention.

3. The claim register, draft notification and the area statement are enclosed.

4. I suggest that 1st February 1896 may be fixed as the date from which reservation should take effect.

5. Certain omissions having been found in the claim register, it was returned to the Forest Settlement-officer for rectification, and was finally received from him on the 12th November 1895; hence is the delay in submitting this report.

Enclosure No. 1.

From E A. SMITH, Esq, Special Deputy Collector on Forest Settlement Duty, Nellore, &c., Districts, to the Collector of Nellore (through the District Forest-officer, Nellore), dated 30th September 1895, No. 124.

I have the honour to submit the report on the conclusion of the settlement of the proposed Perinadu blocks I, II and III, included under Sríharikóta minor reserves in the Gudur taluk of the Nellore district.

2. The initial notifications under section 4 of the Madras Forest Act proposing to constitute the area into a reserved forest appeared in the *Fort St. George Gazette*, dated 13th November 1883. The Sub-Collector of Nellore was first appointed as Forest Settlement-officer for this block. The proclamation issued by him on 28th January 1884 was published in the Nellore District Gazette, dated 9th February 1884 and the time allowed for the presentation of claims expired on the 9th May 1884.

3. M.R.Ry. I. Sarabhalingam Naidu Garu was subsequently appointed as Forest Settlement-officer, and then M.R.Ry. C. Somasundra Sastriar Avargal succeeded him. By notification published in the *Fort St. George Gazette*, dated 25th July 1893, I was appointed Forest Settlement-officer.

4. The Settlement of the reserve was begun by Mr. W. J. Tate, the then Sub-Collector of Nellore, and was conducted by him till the 15th August 1885. The reserve was also inspected by me in March last. Forty claims in all were registered for the following rights :—

(i) One claim to Government patta land.
(ii) Four claims to Rokkadayam trees.
(iii) Five claims which are requests by the villagers to free grazing and pasture.
(iv) Six claims to firewood and agricultural implements.
(v) Four claims to worship at shrines.
(vi) Two claims to rights of way to the shrines.
(vii) Seventeen claims to certain rights of way.
(viii) One claim for certain records.

The one claim to the Government patta land and three claims to the Rokkadayam trees involved in items Nos. (i) and (ii) have been admitted and the patta land and the Rokkadayam trees have been acquired on payment of money compensation. The remaining one claim to Rokkadayam trees have been rejected as the claimant failed to prove his title to the same. The five claims which are made, requests from the villagers to be allowed for grazing and pasture, and the six claims from the villagers to firewood and agricultural implements involved in items Nos (iii) and (iv) have been rejected as the ryots are not, as a matter of right, entitled to the same. The four claims to worship at the shrines and two claims to rights of way to the same involved in items Nos. (v) and (vi) have been admitted; of the four shrines claimed, three have been ordered to be demarcated out and retained as enclosure within the reserve with necessary access, while the remaining shrine has been excluded by an alteration of the boundary of the reserve. The seventeen claims to rights of way involved in item No. (vii) have been admitted and the one claim for certain records involved in item No (viii) has been rejected, as this is not a claim.

5. The whole of the Sríharikóta reserve have hitherto been treated as one reserve with one general B register, but as there has already been much delay in the submission of the final report owing to the difficulty in arranging for suitable exchanges in the case of lands to be acquired for the Sríharikóta major reserve, I have considered it advisable to split up the B register and to submit separate reports of Sríharikóta major and minor reserves; hence the submission of this report now.

6. The reserve is thus free of all rights except those stated above.

7. The following are submitted herewith :—

(*a*) A signed copy of the B register of claims.
(*b*) Draft notification under section 16.
(*c*) The sketch-map of the reserve.

8. The date from which reservation is to take effect has to be inserted in the draft notification.

Enclosure No. 3.—Draft notification.

Enclosure No. 4.—Area statement.

Enclosure No. 5.—Sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Kumbakónam, 30th November 1895, No. 1013.

Forwarded.

Resolution.—Forest Mis. No. 876, dated 18th June 1896.

Returned to the Collector of Nellore for amendment with reference to the following remarks :—

(i) Although the Forest Settlement-officer's report states that all the trees concerned in claim 1 have been acquired for the reserve, his decision shows that only 82 trees have been so acquired. It is noted that the trees acquired in this and other claims are not indicated by distinct colouring on the sketch-map.

(ii) *Claim* 4.—The number of the Proceedings quoted in the decision on this and certain other claims, as well as the authority passing it, should be quoted for facility of reference.

(iii) *Claim* 5.—The name of the village to which the claimants belong is not given in this and certain other claims. The omission should be supplied.

(iv) (*a*) *Claims* 21 *and* 36.—The points of entrance of the paths concerned should be more definitely fixed.

(*b*) *Claim* 22.—The cart-track admitted enters the reserves south of the south-west corner of survey No. 251 as per notification and not at its south-west corner as given in the register.

2. An early return of the papers duly revised is requested.

Referring to Board's Proceedings, Mis. No. 876, dated 18th June 1896, I have the honour to resubmit the settlement records of the Perinadu blocks Nos. I, II and III revised with reference to the instructions contained therein. Copy of the Forest Settlement-officer's letter, No. 6, dated 14th August 1896, is enclosed.

(ii) The Proceedings therein referred to was passed by the Forest Settlement-officer Mr. W. J. Tate, the then Sub-Collector of Nellore, who originally settled this block. The Proceedings is not numbered.

(iii) The names of villages to which the claimants belong have been entered.

(iv) *Claims Nos.* 21, 36.—Necessary alterations have been made in the B registar and in the notification.

(v) *Claim No.* 22.—Necessary corrections have been made in the B register.

2. The enclosures received with the endorsement quoted above are herewith resubmitted :—

It appears that most of these trees (three-fourth site) are outside the reserve and therefore only declare the claimants' right to those actually within the proposed line. No account is filed to show what these are. (Signed) W. J. TATE, Forest Sett.-officer. 11th June 1885. 593/5	Peddapapupapi Reddi, Koneru Chenga Reddi, Subba Reddi and seven others of Kadapatteda.	5th May 1884.	Claim right to firewood and agricultural implements. (Taken as a claim for firewood).	Claimants Papi Reddi (by son Bali Reddi, village munsif), Chenga Reddi, Subba Reddi and others present. All agree that the munsif should speak for them. They claim firewood from the whole village but not from the land taken from them and only allowed for grazing on pullary in F. 84 or thereabout.	....	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
594/6	Talari Subbanna, Koneru Venkatasam, Kondappa Narayana Chetti, Kota Chenchu Chetti and six others of Kadapatteda.	5th May 1884.	Claim right to obtain wood required for agricultural implements.	Claimants Talari Subbanna, Narayana Chetti, Talari China Veeriah, present. They say they claim for the whole village and are willing to join the munsif to the claim and to speak for them. The munsif says he wants wood for agricultural implements from the whole jungle but admits that since F. 84, he has not taken away from the part set aside for pullari grazing.	The District Forest-officer requests reference to his general remarks. There is a market house of timber in the Sriharikóta minor forest, and even supposing the people were allowed to exercise their claim, the want of wood would certainly prevent their doing so. The statements made regarding the remarks of picottas are not correct.	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
597/7	Mangarla Papi Reddi, Guruvappa Reddi, Subbaraya Reddi and ten others of Damarayi.	5th May 1884.	Claim right to pasture.	Claimant has died. Guruvappa Reddi, Subbaraya Reddi, Chenchu Reddi, Appayaperumal, Ramasawmy, Raghavan Tambaigaru, Veerasawmy and Gopisetti Venkanna are present. They are all willing that their claim should be treated as one for the village and the munsif would speak for them. He says the F. 84 arrangement for free grazing though not adequate may be accepted but that an average 1 acre or 2 acres per head founded on the accounts will be wholly insufficient.	....	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.

They consent to the munsif's speaking on behalf of the whole village. The claims for the whole village. Claimant No. 2. The munsif says that in F. 84 they were allowed a certain area (646 acres) free and the rest as kancha (542 acres) that they complained and the arrangement was set aside by the Collector in F. 89. They claim the whole reserve.	The District Forest-officer says he does not admit the claim to graze over the whole village. In no instance have I heard of such right being given by competent authority. If the people claim to be treated according to zemindari system, they would have to pay for grazing.	Claim rejected—*vide* Proceedings of 17th July 1885, of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
603/10	Chinna Sundra Reddi, Pedda Sambasiva Reddi and 6 others of Koradi.	3rd May 1884.	Claim right to firewood and wood required for agricultural implements.	Pedda Sambasiva Reddi (munsif) and other claimants present as for one, they claim the southern portion of khandam No. 7, for the purpose according to F. 84 arrangement and admit that they can get firewood to some extent from khandam No. 2 outside the reserve.	The District Forest-officer says the trees claimed are mostly not in the jungle at all except chekerayi which is useless for ploughs.	Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, 23rd July 1885. Forest Sett.-officer.
604/11	Koradi Jaganadha Reddi, Linga Reddi, Appasawmy Reddi and five others of Koradi.	3rd May 1884.	Claim right to standing trees on Rokkadayam patta.	Claimant No. 1 is dead. Veera Moodaly for Linga Reddi, Appasawmy Reddi, T. Sambasiva Reddi and Sundra Reddi's son Velayada Reddi are present. The No. 5 accounts examined do not show the number of trees or the fields on which they stand for any of the pattas not only the amount collectable. The claim also does not specify the trees and no patta is produced. The karnam says there are entered in paimash Nos. 1, 3, 4, 5, 6, 10 and 11. The number of trees appertaining to such patta is given no where and there are other pattas paying Rokkadayam kist and this for the trees for which they must be deducted from the following total :— Palmyras .. .. 5,100 Date trees .. .. 79 Total .. 5,179 Anadhinam.—The No. 5 (karnam's office copy) also give tamarind and the claimants speak of them in the claim. They are, however, not in the fair copy of the No. 5. They are 23 in number.	The District Forest-officer says as follows :— "Please see proposals now before Government."	Claim admitted in the names of Govinda Reddi said by the karnam to be eldest son of Jagannadha Reddi, Linga Reddi, Appasawmy Reddi, Karumballa Sambasiva Reddi, Janapa Reddi, Sambasiva Reddi, China Sambasiva Reddi, Penkasundra Reddi, Narayanasawmy Reddi, also to a right of way to the same provided that only the trees still standing in the reserve which belong to these pattadars are covered by this order. (Signed) W. J. TATE, Forest Sett.-officer. 23rd July 1885. Claimant Gida Vencata Anki Setti, Mekala Kuppadu and Perugadu and Kristnadu are present. The munsif is a minor and his gumastah is said to be not well. The claimants say they claim for the whole village and want Anki Setti to speak for them. He says that of the four pasture dibbas in the village, the reserve has taken up two which form the whole reserve. He therefore claims the whole reserve. There was no arrangement in F. 84 made in their village.	....	Claim rejected—*vide* Proceedings of 17th July 1895 of the Forest Settlement-officer. (Signed) W. J. TATE, Forest Sett.-officer. 23rd July 1885.

Claim rejected—*vide* Proceedings of 17th July 1885 of the Forest Settlement-officer. (Signed) W. J. TATE, Forest Sett.-officer. 23rd July 1885.
789/15	The District Forest-officer, Nellore.	26th July 1888.	Claims on behalf of Anki Setti of Pantrangam right to the produce of such of his Rokkadayam trees as may be found in the reserve.	Though the man holds a patta for 701 palmyra trees according to No. 5 account, it is not clear whether this number includes any trees in survey No. 2 of the village. In the survey number, there are 11 full and 98 young palmyra trees belonging to this man. According to the present enumeration, he does not wish to have this right to these confirmed and states that he planted them for the use of travellers on the path way from Raya Doruvu to Reddipalem to which they lie close.	.... Enclosure No. 5.—Sketch-map.

Enclosure No. 6.—Paper returned with Board's Proceedings, Mis. No. 876 of 1896.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 27th August 1896, No. 331.

Forwarded.

Resolution—Forest No. 134, dated 26th March 1897.

The settlement records revised and received with the letter read above will be submitted to Government with the request that the draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*.

2. (i) *Claim No.* 17.—It is observed that the position of the shrine has not been fixed with precision.

(ii) *Claim No.* 29.—The point at which the cart-track branches is not given in the settlement records. The Board has made the necessary alterations in the register and draft notification so as to accord with the sketch-map.

(iii) *Claim No.* 30.—Though the cart-track excluded in this claim forms the southern boundary of block III, the boundary line on the map is indicated below the said path. The map should be corrected when returned to the Collector.

(iv) *Claims Nos.* 34 *and* 38.—The paths dealt with being identical, and the date of presentation of the claims by the District Forest-officer being the same, it is not understood why the District Forest-officer should have put forward the same claims before the Forest Settlement-officer twice.

3. The proposed block is one of the "Srîharikóta" minor reserves, and though the major and minor forests were dealt with together as one reserve in a consolidated claim register, the register had to be split up into one for each reserve owing to the delay and the difficulty in arranging for suitable exchanges in the case of lands to be acquired for the Srîharikóta major reserve the papers of which have been returned by the Board for revision.

4. The blocks lie in the Gudur taluk and may be declared "reserved" from the 31st July 1897. It is divided into three separate reserves at settlement with an aggregate area of 2,955 acres.
