FOR ORDERS.

During the first half of the year
Mr. Le 7. had only about 3 days (lost)
& visited 2 places in Kurnool
up to the 23^d July, but the
extent of his travelling in other
districts was satisfactory, & it
must be remembered that the
Fortnightly Reports do have
shown less reason for visiting
Kurnool than other districts. Still
the Relief there is more extensive
than in the other Deccan districts.

FOR ORDERS.

* Does he seem to have taken a horse with him! How he can have inspected without one, I don't know.

The t.a. bills are very ingeniously drawn up so as to show more movement than actually took place. Every morning drive out & back, is shown as "distance travelled by road & daily allowance" - The usual custom so far as I know, is to enter such days as halts.

RS
31/7/97

- 1. I should hardly like to make use of the information obtained from these bills as a basis for finding fault with Mr. Le Fau.
- 2. His inspection reports must contain the necessary grounds, if such grounds exist, for pressing upon him increased activity in visiting any locality within the scope of his mission.

4914
14.8.97

I don't think he can be found fault with; but I think he might be told that we wish he had visited two districts of which I spent more time there.

Especially in view of his last report as to the bad state in which he has found things in Kurumal & the fact that he has inspected 5th & 6th Divs of Kamalikota (?) & the 27th Div. 17/8/97

Though it was interesting in Kurumal

He says that during the first half of the year the famine here had been only 3 days and visited two places - Kurumal during the first half of the year.

In view of the fact that he went in inspection from 1st Nov to 1st Dec. he found things in Kurumal. It is the fact that the District Officer has been attending to his duties in Kurumal. It has been the case.

It has received attention in the second half of the year prior to the date of the order. RS

No 4402823 Aug 69, though ~~distress~~ relief seemed and increasing work, the Govt makes use of the first half of the year the famine here had been only 3 days in this and visited but two during that period. In view of the fact that his recent inspection do show that he found over a bad state of affairs it is to be regretted that the District Administration did not receive earlier and more attention from Mr. Le Fau than has been the case.

23/8/97

Note. Should this order be kept confidential?
