READ

Endorsements from the Collector of Malabar at Nos. 416, 1748^{Pub} and 1771^{Pub} dated 15th, 21st, and 25th July 1897 respectively submitting petitions from the people of Malabar praying for famine relief.

— Also Copy of the minutes of the meeting of the Executive Committee of the Indian Famine Charitable Relief Fund. dated 3rd August 1897.

Resolution

The Collector will be

informed that the proposal
to return to the people of
Malabar a portion of the
amount subscribed by
them for famine relief -
elsewhere cannot be complied ? It is the Committee
that should say
this.

with. The Executive Committee
of the Famine Fund, however,
is prepared to make a grant
equal to any further subscription
raised locally, and is requesting
Government to make a similar
grant.

The Govt. has
declined to do this.
stated that if
relief is needed in
Malabar, it will be
administered
under the Famine Code.
(The Govt. is not
willing to do this.)

2. The collector's statement
about skeleton children
suggests that, possibly, Govern-
ment relief, also, may be
required, if not in the form
of

of works, at least in Kitchens.
The staple food in Malabar
is rice and this is now at 7.9
seems a rupee. In any other
district than the West Coast,
the scarcity rate would have
been reached long ago. This
rate has fixed low on
account of the general prosperity
of the West Coast districts,
but the absolutely poor do
not share in this prosperity.
The collector of Malabar is,
like other collectors, responsible
for the lives of his people and
should not hesitate to
recommend Kitchens, if they
are

are necessary.
