From,

W. A. Willock Esq.,
Fourth Member, Board of Revenue
and Commissioner of Salt, Alkhan
and Separate Revenue,
Madras.

To,

The Secretary to Government,
Revenue Department.

Sir,

In reply to G. O. No. 443 Rev.,
dated 9th Instant, forwarding
for remarks an application for leave
to file a specification of an invention
for drying crushed and granular salt,
I have the honour to state that the
machine in question appears to be one
equally well suited for drying any
other non-fibrous substance. It is
a drying machine no more connected
with salt than with grain or any
other article which may need to be
artificially dried and I am consequently
unable

unable to give an opinion regarding
it as the subject is one on which
I have no special knowledge.

I have the honour to be

Sir
Your most Obedt Servant.

W. A. W. W.

Fourth Member, Board of Rev.
& Commissioners of Salt & Khair & Sepatchen.

Keep file intact
AK
25/8/97

It would appear to be almost identical
with the one referred to in the letter
from the Govt of India No 1991^P 15th July/97
The principle on which the material
is to be agitated appears to be the same
in each case. The P.W.D. is requested
to state whether this surmise is not correct.

W. A. W. W.

Read C No 70 89

G.O. No 4439 d/25th Aug^r 1897

In the circumstances reported by
Mr Willock the letter from the Govt of
India (No 2052 P 26th July/97)
together with its enclosures will be
forwarded to the P.W.D. with a request
that the utility & novelty of the
invention may be reported on. The invention
