 So far as information in the

 works are not wanted on the

special about the people in

intermediate system, and
ordinary test works will

As to the proposal to adopt the intermediate

the Code work is more suitable.

Collector of Cuddapah No. 1170
dated 1st August 1897.

I have the honor to state
that in the fortnightly narrative
for the period ending 15th July
1897, I reported that "it is
"possible that relief works
"could be required in parts of
"Rayachoti and near Gurnam.

"there be no rain within a fort-

I have since inspected
 the Rayachoti
 in Company with the
 Collector. I am also
 daily reports from
 Tahsildar of Rayachoti
 regarding the state of the
 season and Condition of
 people from which
 find that some people
 are willing to work for
 famine wages, while in
 others they are still unwilling.
 Up to date there has not
 been much rainfall in
 parts of Rayachoti and
 Vayalpad so as to allow
 people to resume their
 usual agricultural operations,

 has now arrived for ^{me}
 some test works in the ^{which}

 instructed the Executive ^{to}

Engineer to start in the second
 week of August the Chittur
 Kurnool road at Chittur
 in Rayachoti Taluk and the
 Rayachoti-Vayalpad road
 at Guvinkonda in Vayalpad
 Taluk to test the reality
 and extent of distress.

I request that the Board will
 approve of my action. I
 am asking the Engineer to
 set high tasks and enforce

Re the following letter from
Collector of Kurnool
No. 497 dated 6 August

of kitchens at the places
given below:-

Mankapur Taluk

Mankapur and Tokapalli

Nandikotkur Taluk

Nandikotkur, Akmakur,
Kokkadancha, and Miduttur.

Mankapur Taluk. There are

over 700 able-bodied labourers
working on the Local Fund
road near Mankapur, and it

it is anticipated that - Aug¹ 97

road that is shortly ^{and} to be

The Deputy Collector, Kurn^{ool}
Division, and myself ^{will}
that a kitchen should ^{be}
opened at each of the ^{two}
places for the benefit of
dependants of the labourers.

Nandikotkur Taluk. The
Head Quarter Deputy Collector
reported in a letter dated
25th ultimo, written after 2 or
3 excellent falls of rain,
that his fears regarding the
state of the labouring classes
of the taluk had been dispelled
and that no form of relief
was

necessary. There are, however,
1000 persons attending
ordinary Local Funds
at Sandikothkur
Atmakur, which number
likely to increase, and
as struck down my
visit to those places
the poverty-stricken
presence of the children
and old people who had
accompanied the labourers
from different villages to
the works and with the number
of beggars everywhere. I am
of opinion that the opening
of kitchens at the places
indicated at the beginning
of this letter is a necessity.
