Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated. 14 August 1897.

No. 6445 Miscellaneous.

READ the following letter from the Collector of Ganjam Report G.B. No. 53/7 dated 31st July 1897.

With reference to Board's Proceedings No. 5377 Miscellaneous dated 15th instant, I have the honour to report that the Deputy Tahsildar who had already been directed to make an enquiry into the alleged death of a child at Rallapeta reports that he has made an exhaustive enquiry

enquiry both in Rallapeta and the neighbouring villages and has ascertained that the report of the Child's death is false. Careful enquiries have been made in the village itself and the birth and death registers examined.

2. The ryot in question made this statement to me when I was disbursing money on account of seed grain advances from the Charitable Fund and it appears probable that his object in so doing was to obtain a larger sum than he would otherwise have been given. It is common for them to make false statements as to death of bullocks and ploughing Cattle with the object of obtaining large advances and it is quite possible that this man Carried the system to a further stage by announcing his Child's death.

3. I was unable personally to investigate the statement as I was Camped at Naupada station awaiting the arrival of the train. As however the man himself was in an emaciated Condition the story seemed not improbable. I therefore felt bound to report the matter in my fortnightly remarks pending Confirmation or otherwise by detailed inquiry.

Resolution.
