NOTES.

Reference to P. W. D. Code.

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases:—
 - (a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
 - (b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.
 - (c).—When it is proposed to utilize the grant for one work upon some other.
2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.
3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.
4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

(B). Land

(K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

No. _____, dated the _____ 1896.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

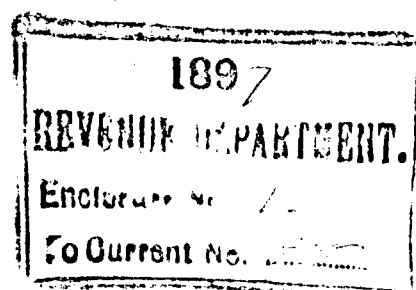

Original Works. Work was completed and accounts closed. The additional grant applied for is required to meet the outlay already incurred.

Repairs Civil Buildings. The additional grant Rs 5644 is absolutely required to complete the works in progress within the close of the official year. List of works on which the outlay is to be incurred during the year is herewith forwarded for perusal. An outlay of Rs 9319 has been already incurred on these works up to end of October 1896 against the existing grant of Rs 9500 leaving a balance of Rs 181.

Repairs Miscellaneous Public Improvements. The additional grant of Rs 110 is absolutely required to meet the outlay on the works in progress as per list above stated.

Tools and Plant. The original grant is Rs 500 of which Rs 350 will be utilized on repairs and carriage of tools and plant and repairs to office furniture. The additional grant now applied for is required for the purchase of office furniture as per estimate sanctioned in Register No 44 of 1896-97 for Rs 1900.

Provincial Original Works. A sum of Rs 7500 is surrendered with reference to the Superintending Engineer's No 423 of 21st November 1896. It is requested that a sum of Rs 6782 required to meet the demands explained above may be transferred from the amount surrendered.
