Civil Works.

READ—the following papers:—

G.O., Mis. No. 3336, Revenue, dated 2nd July 1897.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Mis. No. 2222, dated 17th June 1897:—

Read—the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue, dated 7th June 1897, Dis. No. 1786 Ver.:—

I have the honour to submit herewith, duly countersigned, the plans and estimates for improvements to the Taluk office building at Narasapur received from the Superintending Engineer, I Circle, with reference to G.O., No. 2605 W., dated 7th September 1896, communicated with Board's Proceedings, Mis. No. 4566, dated 7th October 1896.

Resolution—Mis. No. 2222, dated 17th June 1897.

Submitted for the sanction of Government with reference to G.O., No. 2605 W., dated 7th September 1896, communicated in G.O., No. 3863, Revenue, dated 28th September 1896.

(True Copy and Extract.)

(Signed) N. S. BRODIE,
Acting Secretary.

Order—Mis. No. 3336, Revenue, dated 2nd July 1897.

Transferred to the Public Works Department for sanction.

(True Extract.)

(Signed) C. H. B. BURLTON,
for Acting Secretary to Government.

Note by the Chief Engineer, Public Works Department.

It is considered that the existing foundations, as shown by section C D, where the weight is distributed by stepping down the masonry on to a block of concrete which should not be less than 2 feet thick, are preferable, the soil being sandy, to solid blocks as proposed and which could not be laid as drawn without boarding up.

2. It is not stated whether the walls of the extension to the record-room will be bonded into the existing walls. If so, it will be important to weight the foundations and take levels to them, until they no longer settle, before commencing the superstructure.

3. It would seem a waste of money to paint teak doors and windows not exposed to the weather with three coats of Carson's paint. Wood-oiling should suffice in such cases.

4. The plan should be countersigned by the Collector before the work is put in hand.

(Signed) D. McNEIL CAMPBELL, Colonel, R.E.,
Chief Engineer.

26th July 1897.

ORDER—No. 2099 W., dated 2nd August 1897.

The estimate amounting to Rs. 8,200 for improvements to the Taluk office at Narasapur, in the Gódávari district, is sanctioned.

2. Attention is drawn to the Chief Engineer's note recorded above.

3. A sum of Rs. 5,000 has been provided for the work in the current year's budget, but this amount will have to be withdrawn under the recent restrictive orders unless the sanction of the Government of India to the execution of the work be obtained. The Superintending Engineer will, therefore, expedite the report as to the urgency or otherwise of the work called for in memo. No. 3234 C., dated 17th July 1897, and will see that no expenditure is incurred until the execution of the work is authorized.

4. The sanction accorded in paragraph 1 of these Proceedings has been registered as Provincial No. 30 W. of 1897-98 and classified as Civil Buildings—Original Works.

(True Extract.)

Under Secretary to Government.

To the Superintending Engineer, I Circle, with seventeen enclosures.
„ Examiner, Public Works Accounts.
„ Revenue Department.
