2. In the scheme for further reservation in the Cuddapah district, approved by Government in Government Order No. 322, Revenue, dated 24th April 1893, the Sibyala extension is entered as covering 640 acres. Two notifications are now submitted and cover together an area of 1,309 acres. It is thus clear that one of these must be a new selection. But, as there is an ample margin of waste, the Board accepts the proposals in respect of both the extensions.

3. It is observed that the proposed boundary of the Sibyala extension (south) block runs close to the village-site of Mallayakondapalli. The Collector is requested to see that sufficient margin is left for the village during settlement.
