PROCEEDINGS OF THE BOARD OF REVENUE
(Separate Revenue).

Read—the following letter from the Officiating Director-General of Statistics, Government of India, Statistical Bureau (Financial and Commercial Statistics), to the Secretary to the Board of Revenue, Madras, dated Simla, the 12th June 1897, No. 28-F.C.—S.:—

I have the honour to enclose copy of a table of Large Industries in India for the calendar year 1895, containing the particulars received with your Proceedings, No. 260, dated the 7th July 1896, and to request that, with the permission of His Excellency the Governor in Council, you will be good enough to have such additions and alterations made in the table, so far as concerns the Madras Presidency, as will make it correct up to the end of December 1896. The information should be collected from each district, and endeavours should be made to obtain from each concern the full particulars required for the statement. The particulars relating to Oil Mills should include the kind of oil produced (linseed, mustard, castor, or other, as the case may be).

2. The table should, after revision, be returned to the Statistical Bureau at Calcutta as early as practicable.

Transferred to the Separate Revenue Department.

30th June 1897. (Signed) R. V. SRINIVASIAR, Secretary.

Resolution—No. 282, dated 14th July 1897.

As directed by the Director-General of Statistics in his letter No. 28-F.C.—S., dated 12th June 1897, the Board begs to submit to the Statistical branch of the Finance and Commerce Department at Calcutta, the table of large industries corrected, so far as this Presidency is concerned, up to the end of December 1896.

2. A statement embodying the statistics of large industries compiled from the returns received from Collectors for the calendar year 1896 is appended to these Proceedings for the information of Government.

3. Several large employers of labour are reported to have refused to furnish the particulars required for the statement.

4. Several other concerns appear to have been omitted by the Collectors from their reports. They have been added to the statement with a note to the effect that particulars have not been furnished regarding them. Collectors will be requested to furnish full particulars in future. They will also be asked to specify the working seasons given in column 6 and not merely to state their duration and, when the products of the industries are uncommon, to describe them. The Board has no information for instance as to the nature of "Bonac," "kapaak," "hoongay" or "orachella Weeds."

5. The classification of industries adopted is the same as that used by the Government of India in statement XXIX of the volume of Financial and Commercial Statistics for British India. To the headings therein given has been added a miscellaneous head for the inclusion of certain concerns shown in the reports on the working

of the Indian Factories Act, the omission of which last year was commented upon by the Director-General of Statistics in his letter No. 25-S.—F.C., dated 3rd September 1896, printed in G.O., No. 1891, Revenue, dated 2nd October 1896. With reference to this letter, however, the Board would explain that the inclusion of railway workshops was ordered to be discontinued in Government of India Resolution No. 60-S., dated 23rd February 1882, printed in G.O., Mis. No. 310, dated 6th March 1882, and that printing presses are shown in a separate statement appended to the Presidency Administration Report, while the same resolution states that industries of which separate ...are submitted are not to be included in the return of large industries. For a ...ason the inclusion of statistics relating to breweries was ordered to be dis... in Government of India Resolution No. 72-S., dated 17th March 1883. In ...umstances, the Board requests instructions as to whether the one brewery, the ...ng presses named by the Director-General of Statistics in his letter above ...d the railway workshops in the Presidency are to continue to be shown in ...ent or not.

(True Copy and Extract.)

(Signed) N. S. BRODIE, Acting Secretary.

(True Copy.)

Assistant Secretary.

To the Secretary to the Government of India, Finance and Commerce Department (Statistical Branch), with a table.
„ the Secretary to Government, Revenue Department.
„ all Collectors.
Copy to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture.

Lrd. P. Seetharam.
