SUBJECT.

To the Board (S.O.)

It seems to me that, in
view of extending exemptions
from the payment of Abkari revenue
to people who are not included in the
Agency, an effort should be made to
set more abkari revenue into the
Agency. The Agency coll for food
and more, I imagine, than it gets out
of them - I do not see why this should
be.

Please state when I am paid, in
brief, the extent to which
exemptions from Abkari revenue
are enjoyed in the Agency and of
the Abkari revenue levied there.

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 12th December 1896.

No. 5124. Mois.

Read the following letter from the
Collector of Vizagapatam Re. C. No. 3714
of 1896 dated 19th November, 1896.

"With reference to Board's Pro-
ceedings Mois. No 4098 dated the
30th September last, I have the honor
to report that the 5 villages of the
Srungavarapukota taluk, referred to
of the 29 villages in the Salur Taluk 16 are on top of the hills,
are on the hills, 12 on the slopes and
1 at the foot. None of the villages in
question contain any toddy yielding
trees besides Sago palms, except only the
village of Coorukutti in the Salur
Taluk, where there are about a dozen
date trees and one coconut tree,
which, however, have never been
tapped for toddy."

Resolution

The Collector of Vizagapatam reports that the inhabitants of 29 villages in the Salur Taluk bordering on the Agency tracts have, for some time past, been allowed to draw toddy from Sago palms for home consumption free of tax for the same reasons as those which induced Government to allow a similar concession to the inhabitants of 5 villages in the Sompavavarapukota Taluk in Government Order No 487, Revenue, dated 3rd February, 1893. During the previous lease, the villages were consequently excluded from the toddy rent area of the taluk. The treaty and independent shop systems have been extended to the whole district from

from the 1st October last, and the Collector considers that a continuance of the concession will not be objectionable, in as much as there are no shops in any of the exempted villages. If the concession is withdrawn, the Collector points out that the villagers referred to will have to pay very dearly for the use of their sago palms while their neighbours similarly circumstanced pay nothing and that this is likely to cause irritation.

2. Of the 29 villages referred to, it is reported that 16 are on the top of the hills, 12 are on the slopes and the remaining one is at the foot and that none of them contains any toddy yielding trees other than sago palms.

plms, except the village of Coorukutti where there are about a dozen date trees and one coconut tree, which, however, have never been tapped for toddy. In these circumstances, the Board approves of the concession allowed to the villages and requests that Government will be pleased to accord its sanction. A list of the 29 villages referred to is enclosed.

FOR ORDERS.

The Honourable Mr. Osler C.S.E. again
Let me have a bound
copy when ready.

I am against extending
any of these exemptions to
villages in the plains -
There must be a dividing
line somewhere. This will
refer to the H.M.'s remarks
of these villages having 5 or 6
heavily as compared with
their neighbours.

Just do. 11/22/1/97.

Please ask Mr. Whitten,
instead of extending exemptions
it can't withdraw some or
all of them which already are
in force.

- A copy of the Great Alkain Administration
Report for 1895-96 is submitted for the use
of the H.M.
2. The information required by the H.M.
(vide para 2 of his remarks on the current
below) is contained at pages 5, 22 and 23
of the report.

Resubmitted to the Hon. Mr. Osler.
The current shows that of the
29 villages referred to 16 are on the
top of the hills, 12 are on the
slopes, and 1 is at the foot.
In the Coorukutti has 27 only
and there a few date and one
coconut tree. Is it the wish of
H.M. to accept the H.M.'s recommendation
with the remarks entered or
to draw the line otherwise.
