The Hon: Mr Grose C.S.I.
The Hon Sir Henry Bliss K.C.S.I.

FOR ORDERS.

A As pointed out in the cover stitched with G.O since No 4132 Rev: dy 9th August 1897, the Board of Rev: in issuing instructions for the introduction of the scheme for the reorganization of the Subordinate Forest staff, drew the attention of all Collectors and Conservators to the orders fixing the conveyance allowance of Rangers under the new scale at Rs 15 per mensem. The Board also requested the Govt to have the necessary alteration made in app× 26 to the C.S.R., 2nd Edn., in communication with the Govt of India In the letter under the G.O. above quoted, the Supreme Govt has accordingly been since addressed.

C 5448/97

B

2. The Board now submits a letter from the Collector of Malabar in which that Officer reports that the orders directing the introduction of the new scale with effect from 1st January 1897 were received by one of his D.A.Cs only on the 28th of May 1897; that in two cases the Acct General has held under objection the fixed conveyance allowance of Rs 25- drawn by Second Grade Rangers between the dates above referred to, that it would be hard if they are now asked to refund the amount and that under the circumstances, they may be allowed to draw their allowances at the old rates until the end of April 1897. The Conservator supports the Collector's proposal last referred to above with the remark that "it is for consideration whether, in view of the number of rangers who have not been promoted, the continued mistaken drawing of the allowances ... the previous scale could not be condoned by altering the date in their case to April 1, if not from 1st May as proposed by the Collector."

3. The Board points out that several of the vacancies in the Rangers class under the new scale were allowed to remain unfilled during the year 1896-97 and recommends that, as a set off, such of the Rangers as have not received promotion under the new scale from 1st January 1897 and have drawn their conveyance allowance under the old scale need not be asked to refund the excess drawn by them up to 31st March 1897, the additional cost being more than counterbalanced by involved ~~by trading~~ ~~from~~ the Savings due to unfilled vacancies in the Rangers class. The Board adds that the delay in communicating the orders regarding the reorganization Scheme was due to the Strike among the Govt Press workmen. The Acct General, thro' whom the papers are forwarded, States that the proposal is within the sanctioning power of the local Govt. Comm/

As proposed

4. It is submitted that in the circumstances now reported the Board's recommendation may be accepted. The amount involved is not likely to be large and though it is not probable that there will be any savings in the budget grant already sanctioned, it will be remembered that when the Board asked for additional allotment on account of the reorganisation scheme, it has been told (impliedly) that if the existing provision is found to be insufficient the amount required to make up the deficiency would be placed at its disposal later on.

REVENUE BOARD OFFICE
MADRAS.

Proceedings of the Board of Revenue

(Land Revenue),

Dated 14 July 1897.

Forest No. 696 Miscellaneous

READ Endorsement of the Conservator of Forests, Southern Circle, dated 19 June 1897, R.C. No. 4692 on letter from the Collector of Malabar, dated 9 June 1897. R.C No. 498/8-7.

Resolution

Submitted to Government

2. In the Proceedings Forest No. 133 dated 26.3.97 the Board directed that in accordance with para 10 of G.O No. 629 dated 14.7.91, the Conveyance allowance of Forest Rangers under the new scale which was sanctioned for introduction from 1st January 1897 should be fixed at the uniform rate of Rs. 15 per mensem. The Collector of Malabar points out that the Board's Proceedings did not reach him until towards the end of May and that it will be a hardship therefore to compel the Rangers

who have already drawn increased rates of conveyance allowance under the old scale to refund the extra amount drawn by them for a period of 5 months, especially as some of them did not receive any promotion under the new scale. He, therefore, proposes that the allowance may be paid according to the old rates up to the end of April 1897. The Conservator supports the Collector's request and states that looking to the number of Rangers who have not been promoted, the old rates may be continued at least up to the end of the official year 1896-97.

3. As will be seen from the list of promotions appended to B.P. & P. No. 133 dated 26.3.97, the new scale sanctioned for 1896-97 was utilized only partially and several vacancies in the Rangers' class were allowed to remain unfilled. The Board, therefore, recommends that, as a set-off, such of the Rangers as have not received promotion under the new scale from 1st January 1897 and have already drawn the conveyance allowance of their grades under the old scale need not be required the 3/4ths of the excess amount drawn by them up to will be more than counterbalanced by the savings due to vacancies in the Rangers' class above referred to.

4. The delay in furnishing expenses B.P. & P. No. 133 dated 26.3.97 to Collector to the workmen was due to the strike amongst the Government Press.
