Reference Executive Engineers

of this Department regarding irregularity

of vouchers and accounts

by Tahsildars. Has the Department enquired if any

improvements have taken place since the

issue of this Office Endorsement

Copy of letter No. 2686, dated 23 August

1897 from the Executive Engineer

Assistant Engineer 3rd Circle

Reference your Memo No. 2929

dated 16 August 1897, I have the honour

to inform you that no observable improvement has taken place in the submission

of vouchers and accounts by Tahsildars.

Almost all the irregularities already

brought.

brought to notice continue to exist. The raising of their own pay has made matters worse. Their accounts appear at longer intervals & are therefore for much bigger amounts than before. They are drawing very large advances from their treasuries on the plea that their imprests are not quickly cleared.

Ever since this Office took up the check of Muster Rolls it has from time to time brought to the notice of the Tahsildars by means of a list slips the points that might require their attention in the correct preparation of their accounts but hitherto results have not been as expected that the scrutiny of their accounts by the Peripatetic Accountants and the advantage of personal instruction would remedy the matters, but it is to be regretted that this has not been the case. It is therefore necessary that the Peripatetic Accountants should see that their instructions are being carried out. Mere instructions and directions have had no effect

By my endorsement No 3255 dated 31st August 97 on original letter No 2684 dated 23 August 1897 from the Collector, Executive Engineer, Nuzvid Division, to the Superintending Engineer, Circle,

Forwarded to the Collector of Nuzvid for information with a request that he will be good enough to insist on Tahsildars submitting their accounts to the Executive Engineer punctually. There irregularities only exist in Nuzvid Division and there is no reason for them there. In Bellary District Tahsildars submit their accounts to the Executive Engineer daily and the result is that imprests are accounted with unfailing regularity

No 3302 W dated 2 September 1897.

Forwarded to the Chief Engineer P.W. Department for information in continuation of this Office No 2469 W dated

Ld 23 July 1897. Hillmy effort
regularise famine relief work accounts
in Kurnool Division are being absolutely
frustrated because Engineers and
Tahsildars are beyond my control. If
the irregularities complained of
mean heavy loss to Government,
some action should be taken to
stop them.
