Read the following.

Proceedings of the Board of Revenue (Separate Revenue) dated 3rd August 1897, No. No 3330.

Read the following letter from the Collector of Godavari, Reference on current No 1052/acc of 1897 dated Cocanada 19 July 1897.

"The godowns on the eastern side of the Sea Coast N. i. Supervisor and the building in which the Supervisor and office is located are in need of urgent repairs as the galvanised iron roofing of the former is leaking very badly and there is much damage to the goods stowed therein in consequence. It is now proposed to replace it by a tiled roof. The plastering of the walls of the office building requires renewal above the cemented portion. This may not cost more than two hundred Rup but as the repairs to the roof of the godo will cost Rs 1000 or so, and as the two de criptions of work may conveniently be executed at one and the same time, I ha

No provision was made for these works in the current year's budget as they were not foreseen at the time of its submission but they cannot be safely put off any longer and this is why I am obliged to send a special communication on the subject."
