Read the following:-

From the Superintending Engineer, VI Circle, No. 248 T.C., dated 10th February 1897.

Order thereon: No. 578 W., dated 2 ~~February~~ March 1897.

The sums under (a) and (b) are reported to be savings on the estimates and that under (c) is explained as due to want of requisitions from the Military Authorities, sufficient to work out the allotment in full. These amounts together with a sum of Rs. 289 from the reserve with the Government under Repairs against which there are no demands, viz., Rs. 2,045 or Rs. 2,546 inclusive of Establishment and Tools and Plant charges will be replaced at the disposal of the Government of India, Military Department.

Item (a) is reported to be not required for expenditure during the current year.The reason assigned by the Superintending Engineer for the surrender under (b) is inadequate, and the circumstances which retard the progress of the work should be fully explained.

		2,508.

The explanation afforded by the Superintending Engineer for these surrenders is meagre,and the circumstances in which the allotments,in each case,cannot be spent in full should be reported.
