The Hon. Mr Grose C.S.I.

For orders

In the letter read above the Accountant General takes objection to G.O. No 2180 dated 24th June 1897 sanctioning the proposal of the Collector of Kurnool that the payment of Jadi Lalik allowances to certain religious institutions in the Rookhumlas labak be made from the treasury instead of by being deductions and invites the attention of Govt to G.O. No 2683 of 8th October 1878 according to which these allowances should be paid by having deductions in pursuance of the instructions of the Secy of State for India; he also inquires whether the Govt consider that the circumstances are such as to justify the setting aside of the orders of the Secretary of State referred to therein.

He further states that the difficulty of meeting the allowance in question from revenue collected in Bad seasons was foreseen at the

time but the Govt decided notwithstanding that the orders of the Secy of State were peremptory and should be carried out

2. In the present case ~~under objection~~, it will be observed, that the Board of Rev supported the Collr recommendation on the ground that the collections throughout the Koilkuntla Taluk have been materially affected owing to the prevalence of distress.

3. During the famine of 1891-92 the same course was followed and the Accountant General took no objection then. In that case the Board itself sanctioned the departure from the rule and the Govt promptly rescinded the B.O. The Honble Members did not then think that the instructions of the Secy of State were so peremptory as to preclude a relaxation during a period of distress. Pleasance G.O. 2244 19-9-92 and the notes thereunder. The payment was considered as an advance to the institution.

4. It is submitted that the order objected to is to have effect only during the continuance of the present distress and is based upon what was done in 1892 and it is not intended

D

to permanently supersede the system of payment by levying deductions.

Para 3 of G.O. no 1626 8-8-94 gives local officers discretion in the matter.

5. Tasdiks are money allowances payable to religious institutions, in lieu of lands assigned by the ancient rulers of the country for the support of such institutions, but which lands have been resumed by the British Govt. and incorporated with Govt. lands. Such being the case it follows that the allowance must be paid ~~to the~~ by the Govt. to the institutions in bad as well as good seasons and that their payment cannot be defended without the Govt laying itself open to a civil action. If therefore, the allowances

cannot be paid by means of bienz deduction – a method of payment which Govt. adopted for reasons of its own, they must be paid direct from the treasury, the amounts being, ~~for the purposes~~ treated in the accounts as advances recoverable. The instructions conveyed in G.O. No 1625 Rev. dt 8-10-78 are only of general application and refer to permanent arrangements. It was not intended that they should not be departed from even in exceptional cases & for short periods – such as the one under reference. A similar departure was sanctioned in G.O. No 2444 dt 19-5-92 and presumably given effect to, with out any objection on the part of ~~Govt~~ the Accountant General.

Orders are requested as to whether the cement may be retransferred to
