SUBJECT.

Submitting for the sanction of Govt. plan and estimate for improvements to the Taluq Office at Kallakurichi, S. Arcot Dt.

1st. The Collector first said that the record room upstairs was dangerous as the ceiling was cracked. He (the Executive Engineer) therefore proposes that his Office room should be made into a record room & that he himself

~~To the Secretary, P.W.D. for favour of Confidential.~~

should build a detached building" to the north of the Taluk cutcherry! The Dy Collector considered that all that was necessary was that ceiling should be strengthened. The Local P.W.D. Officers discovered that

P.T.O.

8/97

12/8 4/9/97. 4/9/97

the record room are too small for the purpose for which they were used. There was at present sometimes a number of the Rev Officers (as far as the papers go). An estimate is now sent up which provides for

(1) building a brand new record room & thus relieving the Collectors

(2) altering the Tahsildars office

(3) building sundry verandahs &c. It is said about the old record room upstairs though it appears that 150 Rs was recently spent in repairing the cracks.

The double records should be properly housed. But the new record room seems to be splendid and the scheme seems hardly necessary if a room is available upstairs

Mk
30/8/97

This seems to be one of the old Chittoor type of Tahsil Office. The record room upstairs is extremely inconvenient. Hence an attempt is being made to convert the Kutcherry into one of the present type. Beyond the inconvenience of the plan there seems to be good ground for the present proposals.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

All we have been told in paragraph 2 of this est for Rs 5350 is that the present record room is too small for the present duties & that new ones are not mentioned & that the Tc thinks the Cutcherie Hall should be pulled for records & a detached building built for at a cost of Rs 5000

We must have fuller information, before we can ask Govt to sanction this estimate

The Govt observe that the present estimate for R 350 to provide for a new record room certain alterations to the Taluk cutcherry room, & the construction of sundry verandahs. The only information furnished in justification of the estimate, however, is the report of the Executive Engineer, South arcot, No 1005 dy 8 Nov 1895; & the Collector of South arcot, stating that, in his opinion, the present record room upstairs was, is too small.

2. The Board is requested to obtain & submit a full report clearly explaining the necessity for the various alterations & additions now proposed.
