I understand that the Verandah is wanted for — The building is wrongly placed. The doors should be at the West, not the East end, so as to be as near as may be to the entrance gate of the Compound, where carts will enter, not as far as possible from it.

The necessity for a verandah is not apparent. The doors should be placed at the West, not the East, end so as to be as near as may be to the entrance gate of the Compound where carts will enter.

The Board is requested to submit a revised estimate with reference to the foregoing remarks.

Note for Secy.

The Hon Members note has been followed. Many more for the verandah could no doubt be suggested & if it is wanted the doors could no doubt be placed definitely. If the doors are to the West only a wall with a gate will block the way & the other buildings on the Compound but Hon Mr Bd with reference any inconvenience

Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 17th August 1897.

mis. No. 3568.

Read the following letter from the Superintendent of Stamps, Madras, No. 1697, dated 13th August 1894:—

"With reference to the Board's Proceedings (Separate Revenue) dated 6th March 1894 Miscellaneous No. 860, I have the honor to submit a plan and an estimate received from the Consulting Architect to Government for the construction of an additional room for storing part of the unopened cases of stamps.

2. In my letter dated 13th November last No. 2500, I have brought to the notice of the Board the great inconvenience experienced at present in storing, inspecting and

issuing stamps. for want of sufficient space in the present store room. The estimate provides for a large terraced room 60 ft by 50 ft. and 18 ft. high with a verandah 10 ft. wide in front. This additional accommodation will meet all present requirements. It is to be hoped that the necessary sanction of Government may be obtained for the execution of the work."

Resolution :-

The plan and estimate received with the letter read above will be submitted to Government for approval.
