Remarks.—These programmes include generally the construction and repair of roads and irrigation works, miscellaneous works for improvement of the drinking-water supply and of village sanitation, as well as well-sinking to be executed with the aid of loans under the Land Improvement Loans Act. The provision made is greater under "large" than under "small" works and is generally sufficient. The number of unsanctioned works exceeds sanctioned works in all districts except Anantapur, but steps are being taken to bring them under sanction.
