Read also replies to the above Board's Proceedings
from certain Contractors.

~~~~~

Resolution.

With reference to G.O. NO. 3936 Rev. dated 28th July -

1897 the Board submits that tenders were called for from the ---

(1). Chirmiah Acharry, Kutty Maick  
street, Chintadripett.

(2). Moonosawmy Rajoo, Erullappa  
Maistry street, Black Town.

(3). Anandaraya Pillay, Koravanko-  
lan, Vepery.

marginally noted contractors at  
Madras for the supply of a tin-  
lined almirah of the dimensions  
specified by the Collector of -  
Tanjore. The cheapest estimate -  
is that forwarded by the con---

tractor, A Moonosawmy Rajoo and amounts to Rs. 119-6-0 including ---  
packing &c. charges & Railway freight to Tanjore. The estimate of ---  
Rs. 127 given by contractor NO. 3 is for a zinc lined almirah. He ex-  
plains that zinc is preferable to tin as it is less liable to get  
rusty. The Board requests that sanction may be accorded for the pur-  
chase of the two almirahs at Madras at a cost not exceeding Rs. 127 each.

(True Extract)

The Secretary to Govt., R.D., with estimates  
forwarded by contractors & file of ---  
papers ret'd. with copy of Board's  
Prop. NO. 2350 R.S. dated 10.8.97.

Secretary.

" also L. O. 7518 of 97

For orders.

Please see remarks on current no. 5645 of 97 and the L. O. thereon (L. O. 3936 of 28. July 1897).  
2. The Board of Revenue reports that the cost of a tin lined almirah of the dimensions specified by the Col. of Bangalore is, according to the cheapest estimate, Rs 119-6-0; that the estimate of Rs 127 given by another contractor is for a zinc lined almirah and that he explains that zinc is preferable to tin as it is less liable to get rusty. The Board <sup>accordingly</sup> requests that sanction may be accorded for the purchase of the two almirahs at Madras at a cost not exceeding Rs 127 each. Orders are requested as to whether the Board's request may be sanctioned.

Zinc sheets are decidedly better than tin sheets. Out from a scrutiny of the estimates (marked A, B, &c in red pencil for convenience of reference) it will be seen that the person who prop

to use zinc sheets ~~really~~  
charges only Rs 16½ for  
them, whereas the other  
two <sup>(A+C)</sup> who propose to use  
only tin sheets, charge  
Rs 18 + 45 respectively.  
In fact excluding Railway  
packing + conveying charges,  
estimate B is the lowest.  
In regard to the Railway,  
packing + c charges, A+C  
show Rs 12-0-0 + Rs 12 respectively  
whereas B shows Rs 39-8-0.  
As the ~~alumina~~ alumina  
are large & will be very  
heavy, it is necessary  
if they are to reach Tanjore  
in good condition, that  
they should be well  
packed with teakwood  
scantlings all round.  
and as it is also desirable  
that the Board should  
see the alumina before  
they are sent to Tanjore,  
the best thing will be  
to order the alumina  
to be delivered at the Bd's  
office. The Board can  
then see them & have

Estimate B

Estimate A+C

Yes. Refer to the Comm. Tell  
him that zinc sheets seem  
to be at the same time  
better & cheaper. Ask  
him which of the esti-  
mates should be accepted.  
Then the Tanjore people  
will "know", & to

JG  
14/9/97

Draft-20.  
11/9/97

them packed & sent  
to Tanjore.

Excluding the Railway  
and packing charges,  
No 3 in the 1000 Res<sup>n</sup> (of Estimate  
would probably charge  
Rs 95 ~~instead~~ whereas, Nos 1 & 2  
would charge about Rs 110  
& 123 respectively.

(R.  
6 Sep 97.

Probably if the Tanjore  
people know the alumina  
can be got in Madras so  
much cheaper they will  
lower their rates to 120 Rs.  
which will be best for all  
parties.

11/9/97.

G.O. no 4938 dt 20 Sept 97

The Board of  
Revenue is requested to  
forward the estimates  
to the collector of Tanjore  
and ascertain which  
of them be a ~~...~~

P.S.O.

The Govt. agrees that  
Zinc sheets are better  
than tin sheets and  
from a scrutiny of the  
estimates, <sup>it will be seen that</sup> ~~they are~~ cheaper ~~to~~.
