the head "General remarks",
I have the honor to submit
herewith a list showing with
details the Hyderabad subjects
who were attending the relief
works in this district during the
1st week of the current month.

Of the total of 1794 persons,
1115 were on the Johannapuram
work, 414 on the Panchikalapad
work, and 265 on the Belagal
work.

2. The Board's Proceedings
in question did not reach
me till a week after
its date and by the time

enquiries

enquiries could be instituted
a large number of immigrant
workers had returned to their
homes, partly on account of
Cholera which was prevailing
on the above mentioned 3 works
and partly on account of
a considerable improvement
in the season in the
Hyderabad districts bordering
on Karnool. The maximum
number of these people

working on our works during
the latter half of last month
is estimated at about 7500,
made up as follows:-

Johanna

Jahangpuram 3,000 to 3,500,
 Panchikalapad 2,500 to 3,000,
 Bellagab 1,000 to 2,000. There
 were very large decreases in
 the total number of workers
 on these works a fortnight ago
 and I do not consider that
 the estimate of 7,500 is over
 the mark.

The Collector of Hyderabad submits
~~a~~ a report as to the number
 of immigrants from Hyderabad
 seeking relief in his district.

The maximum number that
 came on the relief works in Hyderabad
 is estimated at about 7,500 in the
 latter half of July; but partly
 on account of cholera & partly
 on account of improvement in
 the season in Hyderabad the
 numbers fell to 1,794 in the
 first week of August. Even
 this is a very large number, but
 if the Govt of India is to be
 addressed on the point it seems
 to be necessary to obtain further
 information as to the present
 numbers and the average daily
 number on the works.
