MEMORANDUM.

Noted and Dated Madras, 28 April 1897.

Endorsement in the Local and Municipal Department, No. 471 dated 8th April 1897, on endorsement from the Collector of Tanjore, No. 1229 of 1897 dated 20th March 1897.

Transferred to the Revenue Department for disposal with reference to G. O. No. 1786 Mis. Revenue, dated 4th May 1895, the alienation of a part of Government land being involved.

2. There is no objection in the P. W. Department to the transfer of the land to the Municipality, but the question as to whether any payment should be demanded is one for consideration in the Revenue Department.

Copy of a communication from the Chairman
Municipal Council, Negapatam, to the
Tahsildar of Negapatam, N^o. 206, dated
3rd July 1897.

Adverting to your Ref on Current N^o. 29,
dated 17th June 1897, I have the honour to
enclose an extract from the proceedings
of the Council, N^o. 4, dated 1st July 1897,
and to state that the object of the Council
in applying for the transfer of the land
in question is to add it to the bund of the
drinking water tank, Thamarai Kolam,
raise it to a sufficient height with an
inclination towards the north so that
the rain water may be drained away
from the tank. At present the surface
drainage water finds its way into the
tank and it is with a view to prevent this
that the transfer of the land is applied for.
The Council does not intend to cut down
the trees on it.

dated 17th June 1897 requesting to be in-
formed what use the Council intend to
make of the Government land between
Thamarai colam and the public offices build-
ings, and of the trees standing thereon.

Resolution: - The object of the Council
in applying for the narrow strip of land
in question is to raise, conserve and add
it to the bund & the tank which is reserved
for drinking. In the present state of
things, all the surface drainage of the
Public Offices Compound finds its way
into the tank, which has to be prevented.

And reference thereon dated 21st May 1897.

Forwarded to the Collector of Tanjore who is
requested to report what use the municipal Commis-
sioners intend to make of the land and the trees
thereon; ^{also} whether the trees will be cut down or
retained for the profit of the municipality. In the
latter case, the Municipal Council might fairly be
called upon to pay the value of the tops.

Resolution

Submitted to Government with
reference

reference to Government Order 2309 Pao
7-5-97

2. The communication from the Chairman of the Municipal Council, Negapattanam, embodied in the Endorsement last read above, shows that the strip of land in question is intended to be used in extending and strengthening the bund of the drinking water tanks, called Samaraitkulam, and thus preventing the surface drainage water from finding its way into the tanks. It also appears that the trees standing on the land are not to be cut down at present. While agreeing with the Council that no charge should be made for the site of the tope, the Board considers that, according to the principle enunciated in para 4 of Government Order 259 Pao 3-4-89 viz. that a charge may fairly be demanded in the case of lands from which the Municipality derives an income, the Negapattanam Municipal Council should be called on to pay the value of the tope as estimated by the Public Works Department - viz. Rs 260, the annual income from it being Rs 24.

G.O. (Misc) No: 5000 of 23 Sept 1897

The Government agrees with the Board of Revenue in its opinion that the Municipality should pay the value of the tope Rs 260 - as estimated by the P.W.D. 2. The Chairman will be informed in the Local and Municipal Dept. that the land will be made over to him on payment of the above amount.

The Honorable Mr. J. G. Rose C. I. E.

22/9/97

Not absolutely understood but ^{not} ~~accepted~~ the purpose mentioned by him. 260 Rs is the payment for the tope.

7/9/97

The tope is for the outright sale of the land, as I understand. The Board of Revenue (L.R.) with letters to the Local and Municipal Dept. & P.W.D.

do not mean to impose conditions, as I take it. 8/2 1897/7

Note:

In his letter No: 494 of 9th Sep: 1896, the Chairman of the Negapattanam Municipality

municipality requested that the
refer narrow strip of land lying be-
2. tween the northern bund of the
the Tamarikolam tank and the
Compound wall of the public
in offices might be transferred
to the municipality from the
in D. P. W. in whose control it has
been. The land measures ^{about} 52
acres and contains 29 cocon-
ut trees and 4 palmyras.
The municipality desires to
acquire the land with a view
to prevent the surface drain-
age flowing therefrom into the
Tamarikolam tank which is
reserved for drinking purposes
and to keep the land in a sani-
tary condition. As the land
adjoins the public offices, it
is reported that it is used by
persons who resort to the offices
as a latrine, and that during
the rainy weather the filth
from the land is washed into
the tank and pollutes its
waters.

referred by the Collector, states
that he has no objection to
hand over the land to the
municipality, and that an
annual revenue of Rs 24 is annually
realised from the sale of
produce alone and that the
lease of the produce has been
given to one Rajappier and that
it expires on the 31st December 1897.
He fixes the valuation of the
property at Rs 260 and states
that he would make over the
land to the municipality on
its paying the above sum.

To this proposal the Cha-
man of the municipality does
not consent and requests that
the land may be handed over
to him on lease.

The Collector is of opinion that
the municipality should pay
for the land.

3. The local and Muni-
cipal Department in which the
papers were first received trans-
ferred them to the Public Works
Dept. which in its turn trans-
ferred them to this Department.

It is ~~was~~ reported
that the Municipal Council
in does not intend to cut the
trees on the land but will
raise, conserve, and add the land
to the bund of the tank, so as to
prevent all the surface drainage
to the Public Offices compound
to finding its way into the tank.
