Rev No. 284
1896

Nilgiris Collectors Office
Octacamund 10th September 1897.

From J. H. A. Tregonwell Esquire
Collector of Nilgiris

To The Secretary to Government
Revenue Department
Stone House Hill

Sir,

With reference to Government Proceedings of 13th August, I have now the honor to forward the plan of the Gymkhana ground required.

2. I must observe however that the plan does not quite accurately show the area promised in Government Order 3757 Mis 19-9-96 for as pointed out in my letter then under orders (of 7-9-96) the course of the new road had not then been laid down, and the plan does not include the slope, which at my suggestion was added by Government.

3. Government will understand that

Considering the betweene alterations of ground that have lately beene effected, it is no easy task to mark out with perfect accuracy the limits forshaed in the blue. I believe however that with the following two beceptions they are accurately marked in the larger plan which I forwarded with the object of saving time (while the reclamation work is going on) in case Government should see any objection. I now beg to forward it again in case it maybe required for reference; it will at least elucidate the Southern boundary.

4. The beceptions I refer to are slight and have the approval, subject to the orders of Government, of the Executive Engineer in charge of the Reclamation the Municipal Chairman the Deputy Superintendent Surveyor and myself. The first is at the North West Corner of the R.B.C ground; instead of running the line straight across the Race Course as in the Gymkhana blue and then following the Race Course it takes a Westerly turn to meet an existing Survey field stone, and then to the west to and follows a new drain bordering the Race Course. This deviation is simply to facilitate Survey purposes, and makes no obbreciable difference in area.

5. The second prolongs the curve at the West end of the Race Course from the beginning of the Willow Bund & the culvert a distance of some 200 feet to allow a sufficient length after the Winning post.

6. The land shown in the larger plan has been demarcated and surveyed but if Government disapprove of these two deviations, (which however I thought myself justified in the circumstances to direct) I shall have the Survey revised in this respect.

I have the honor to be
Sir
Your most obedient Servant

for Collector

To the Collector of Nilgiris
with the Larger plan
thereto

Read C. No. 7954/97

G.O. Mis No: 5005d/23 dated 97

The Collector is requested to report the exact area of the land shown in the larger plan referred to in para 6 of his letter, which is stated to have been demarcated and surveyed.

He is also requested to indicate on the plan clearly the position of the A.B.C. grounds, the race-course, the winning post, the hillock-mound and the culvert referred to in paras 4 & 5 of his letter.

11/11/97

Note

It is submitted that the plan should be as clear as possible, as it will be the only record to refer to,

6 When any question arises in future as to what land exactly was granted to the Gymkhana club.
