Proceedings of the Board of Revenue (Land Revenue)

No. 8188 Misc., dated 26th August 1897.

Read Government Order, Revenue Department, No. 4188 Misc., dated 11th August 1897.

-----:0:-----

Resolution

With reference to the Government Order read above, the Board submits that it is not now in a position to state definitely whether the proposed expenditure of Rs. 5550 can be met from general savings out of the allotment of its disposal, as the actual expenditure for the first two months only has been communicated to this office. It is not, however, likely that there will be any savings under 5-Land Revenue charges of District Administration as the sanctioned estimate for the current year is only Rs. 59,50,000 against Rs. 59,97,313 the actual amount spent last year.

For order ~~7598/97~~

The Hon Mr Gosse CIE
The Hon Sir Henry Polins
K.C. I.E.

Please see
para 3 of the note
under Ep no 606 d. 1
11-11-96 and the re-
marks of the Hon
members thereon.

2. In para 2 of the
above Ep, it was
observed that it would
seem preferable to utilize
like in Subtreasuries
steelyards graduated
so as to indicate seers
and half seers for
the purpose of weighing
packed remittances
of treasure in accord-
ance with art. 647
of the account code
but before passing
final orders on the
subject the Govt
decided the Board
to report the approxi-
mate cost of supply-
ing the requisite
number of such
steelyards. It was

To the Hon. Mr Chief Secy
with reference to paras
of the note

again
6/1/97

11/9/97

also intimated that the Separate Revenue Dept ^{which} in these instruments had long been in use, would be able to furnish the requisite information in regard to the source from which they could be obtained and the expenditure which their purchase would involve.

¶ 3. The Board in the current read above reports that the steel yards in use in that Dept were supplied at various times between 1880 and 1896 by the P. W. Workshops and the Gun Carriage Factory at charges varying from Rs 46 to 80 per steel yard and that it has now ascertained that a steel yard weighing

upto three maunds and indicating seers and half seers can be supplied by the P. W. Workshops for about Rs 25 and by the Gun Carriage Factory for Rs 30. If the instruments have to be supplied to all the Subtreasuries in the charge of Tahsils and Dy Tahsils, which number 222, the cost at the lower of these rates would amount to Rs 5550. But as some of them might have already been supplied with steel yards, the Board has called upon the collectors to report the exact number of Subtreasuries in each district requiring the instruments.

¶ 4. Orders are requested as to whether the

supply of the instruments by the P.W. Workshops which charge Rs 25 each may be sanctioned for the use of such of the subtreasuries as, on receipt of the Collectors' reports referred to, may be found to require them.

4. 5. In para 2 of its Procs, the Board request that the Govt will be pleased to make a special allotment for the supply of steelyard as this charge was not anticipated at the time of the preparation of the Board's budget. This is a matter for the Financial Dept. It will probably be best to wait until the reports called for from collectors are

Final Dept
If it is decided to incur the expense?

this is the best course
~~No saving is available for an appropriation~~
but the Board might be asked whether it cannot find the amount out of its budget allotment. It merely says that the charge was not anticipated when the estimates were framed. The Board should first see whether it has any probable savings for an appropriation

Cand

1/6/92

received,
when the exact amount required will be known.

Minister

I will have kept back this paper till this matter was completed and it is not that it will take time to make these steelyards and if H. In will sanction say 150 being prepared at once by the P.W. Workshops it will save time. The purchase of the balance and the necessary allotment can be made when the exact number needed is known.

1/4/92

The Board was asked as suggested - vide G.O. No 4188 d. 11. 8. 97. In reply it ~~states~~ reports that it is not now in a position to state definitely whether the proposed expenditure of Rs 5550 can be met

1/30/92

So from general savings
 out of the allotment
 at its disposal, as the
 actual expenditure for
 the first two months
 only ~~has~~ has been
 communicated to it.
 It thinks, however, that
 it is not likely that there
 will be any savings
 under 3. Land Revenue
 charges of District Adminis-
 tration, as the sanctioned
 estimate for the current
 year is only Rs 39,50,200
 against Rs 39,97,318, the
 actual amount spent
 last year.

I submit this matter has
 better lie on for a little
 longer.

Handwritten note:
 This seems to be correct
 20/9/97

I think we should not spend
 money on steel yards, till the
 finances are improved; but
 apparently the Govt must be
 told so.

Dept. Secy.
 20/9/97

The only point on which the orders of Govt of
 India were sought, was as to the change in the
 method of packing treasure remittances in
 art. 64 of the C.A.C. The proposal to supply steel yards
 instead of weighing machines was not so mentioned then
 vide letter No 607 dated 11/11/97

6 sep 97

Read again G.O. 4188
 11.8.97
 Go. Read also c/o 7598/97

G.O. mis No 5059 d/27 Sept 97
 In view of the present
 financial pressure
 the Government is unable
 to make any special
 allotment for the supply
 of steel-yards to taluk
 treasuries. The question
 should accordingly
 be deferred for the
 present.
