Note In G. O 1705 W & 11.7.95
an estimate of Rs 12,5800 for the
construction of a Collector's office at
Tanjore was sanctioned.

In his letters dated 15th August 96
and 30th August 1896, the Collector
of Tanjore brought to the notice of the
Board the necessity for increased
accommodation for the Treasury
room and the District Press. In
G. O 4098 mis & 12.10.96 the
Government accepted the Board's
proposal that the plans and
estimates originally approved in
G. O 4505 mis & 19.11.94 should be
revised so as to provide additional

accommodation for the Treasury room and the Press.

1) In the Current under disposal the Board of Revenue submits the plans and estimates as revised.

For the Treasury, a room $65\frac{1}{2} \times 20$ ft is provided ~~for~~ while for the Press the additional room of 20×30 ft and an extra store room asked for in the Treasury Dy Collector's ^{office note} letter of 20th August 96 are also given.

3) The increase in the estimate amounts to Rs 51400 and is not entirely due to the increased accommodation ~~then~~ provided for, the several items which have contributed to the increase are detailed in the Report accompanying the revised estimates. Compensation for land & materials in the first Estimate contribute also to the increase.

11/11/97

I am still of opinion that the Treasury room is too small & that the arrangements for handling the money are defective and objectionable. I think that the Room for 3 accountants and the ^{8m} 4 9 97 further part of the

Counting Room that be thrown into the Treasury Room; that the proposed addition including of veranda that be 18 feet wide instead of 12; that the door into the T. room that be open and except the two end ones so that the room may be visible from the front centre I w^d make the Counting room the Treasurer's single lock room and I w^d put the 3 accountants into the present Treasurer's room. I have lightly indicated in the plan how the rooms w^d come. It seems a great pity when building new offices like this to make them inconvenient and unsuitable even though a small percentage of the cost is saved.
