THE Secretary to Government
Revenue Department

Sir,

In Continuation of my letter Ref: on G. B. No. 230 dated 2. 8. 97. I have the honor to submit the papers received with Government Endorsement No 512 dated 27. 1. 97 and to report as follows:-

2. On a personal inspection of the land in dispute by the Tahsildar of Hospet in Company with the Amildar of Molakalmuru and with the aid of measurements and sketches taken by him it was found that a portion of field No 132 of Hanumapur of the Mysore Province measuring acres 1. 80 was included within the limits

of Survey no. 16 of the adjoining British village Thimmalapur and that a small extent of 2 Cents pertaining to the latter field was added to field no 132 of Nanumaparam. The inspection and agmaish of the fields in question further disclosed that portions of a Nullah in British Territory never shown on the Mysore Survey maps as belonging to that Government. The Amildar of Mulkalmuru promised to meet the Tahsildar of Kopet a 2nd time and produce records in support of the Claim of the Mysore Government to the portions of the Nulla but could not do so

3. The Head Post Collector in forwarding the Kopet Tahsildars agt remarks that the boundary dispute seems to depend on the question whether the British Survey or the Mysore Survey was the prior one and that if the Superintendent of Survey concurs the Conclusion arrived at by the two Tahsildars at their Conference on

24.7.97 may be accepted. As 4 reminders have already been received from the Government, I have now addressed the Superintendent of Revenue Survey to ascertain the accuracy or otherwise of the British Survey and demarcation by reference to the records in his office. I beg to suggest that the papers may be referred to the Superintendent of Revenue Survey Mysore for the correct marking on M/ of the boundary and its demarcation in Communication with an officer of the Survey Department to be deputed by the Mysore Government. The Connected records as noted in the margin are submitted in original for reference and return when they are no longer required.

I have the honorable

The Govt agrees with the Collector in considering that in the circumstances reported the best course that can be adopted is to have the boundary line correctly marked out and demarcated by an Officer of the Madras Survey Dept in conjunction with one from Mysore the papers will accordingly be forwarded to the Supt, Madras Survey, for the necessary action and the Resident in Mysore will be addressed on the subject of the deputation of an officer for the purpose by H.H. the Maharajah's Durbar.

Sir,

In continuation of my letter No 1193.R. dy 7th Augt 1897 I am directed to forward for your

your information a copy of the marginally noted letter received from the Collector of Bellary reporting the results of the investigation conducted under his orders in regard to the complaint preferred by the Mysore authorities in Nov: last that the Madras Surveyors had encroached upon Survey No 132 of the Banavar village.

2. It will be seen therefrom that on a detailed examination of the locality by the Tahsildar of Hospet in conjunction with the Amildar of Molakalmuru, it was found that there were mistakes in Survey committed by both the Madras and Mysore Surveyors. Mr Stuart, the Collector, therefore considers that the boundary should be correctly marked out and demarcated by an Officer of the Madras Survey Dept. in consultation with one from Mysore. I am to state that H.E. the G in C agrees with Mr Stuart and am to request that

that if H.H. the Maharajah's Dunbar sees no objection, an officer from the Mysore Survey Dept may be deputed to work in conjunction with the Madras Survey officer who will be sent for the purpose by the Supt, Madras Survey.
