Assistant Secretary

To
The Secretary to Government Revenue Department with re-
ference to No. G. O. No. 3110 dated 30th May 1888.

Remarks

Chattrapur (Madras) A. Decrease in sales is due to the traders of ballach resorting to Nampada where the salt is selling at a comparatively low rate. Decrease in collections is due to the above cause and to smaller cash sales.

Chicacola B. Increase in sales is due to the Cuttack traders resorting to Nampada for the purchase of the old excise salt and to the prices there as well as at Trappilo and Balingapatam being lower than in last year. Decrease in collections is due to larger sales under credit and to smaller realisations on account of previous credits.

Coamada C. Increase in sales is due (1) to the reduction in the prices of excise salt sold at Penugudur (2) to merchants from Bysherabad (Deccan) trading in jagganathpur salt and (3) to the larger removals from Mogaltur into the Delta taluks. Decrease in collections is due to smaller cash sales and to smaller realisations on account of previous credits.

Thasulipatam D. Decrease in sales is reported to be due to the bad quality of the salt offered for sale at Mosyinafudi and to the high prices charged by the licensees. Decrease in collections is due to smaller realisations on account of previous credits.

Mono E. Increase in sales is due to the greater demand from Berwada, where stock was not kept in reserve and to the auction sales at Kanupanti at a reduced rate. Decrease in collections is due to smaller cash sales.

Chingaput F. The increase in sales up to the end of the month is due to Messrs. Abubuthnot and a clearing their stock of salt at Pulidivah and to the exports made to Balutia, there having been no removals for exports in the corresponding part of last year. The decrease in sales in the month has not been satisfactorily accounted for. The decrease in collections is due to smaller cash sales and to smaller realisations on account of previous credits.

Negapatam G. Decrease in sales is due to the factories that used to get their supplies from the factories of the Adirampatnam being de-preferred Taticorin salt and to the salt of Kattumunda factory not being in favour with the trade. Decrease in collections is due to smaller cash sales.

Tinnevely H. Increase in sales up to the month is due to the light salt offered for sale in certain factories and to the cheaper rate at which salt is sold at Kieranur. Decrease in sales in the month is due to the higher exports during the corresponding part of last year. Decrease in collections is due to smaller cash sales.

Calicut I. Increase in sales in the month is due to the favourable season for fishing. The decrease up to the month is due to the season having been unfavourable for fishing.
