REVENUE DEPARTMENT.

1897.

Board of Revenue

(Land Revenue),

MADRAS.

Printed September 11.

Proceedings, Forest No. 393, 8th September 1897.

SEPTEMBER.

Resolving to accept the proposal of the Superintendent, Government Press, for printing the special grazing permits on papers of different colours from those used for ordinary permits and directing that the permits in question may be printed on papers of the colours noted within.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 618, dated 28th June 1897 :—

Read—the following letter from J. H. A. TREMENHEERE, Esq., Collector of Nilgiris, to the Secretary to the Commissioners of Land Revenue, dated Ootacamund, 15th June 1897, Ref. on Cur. No. 111-B.—1896-97 :—

As the new grazing rules ordered in Government Order, No. 45-R., dated 26th January 1897, embodied in Board's Proceedings, Forest No. 83, dated 26th February 1897, are to come into force on 1st July next, I have the honour to request that the marginally-noted quantity of permits may be supplied to my District Forest-officer at the earliest possible date.

3,000 blue permits for buffaloes.	
3,000 white permits for bulls, &c.	
2,000 green permits for sheep.	
2,000 yellow permits for goats.	
1,000 special permits.	

Read—the following telegram from the Collector of Nilgiris, to the Secretary to the Commissioners of Land Revenue, dated 26th June 1897 :—

My letter 15th June. Grazing permits urgently required.

Resolution—Forest Mis. No. 618, dated 28th June 1897.

The following deferred telegram will be despatched to the Collector of Nilgiris :—

"Three thousand grazing white permits being despatched. Coloured permits not yet ready for supply."

2. The Collector is informed that no form or colour has been prescribed for the special permits asked for in his letter read above. He is requested to submit in consultation with the Conservator a suitable form for the approval of the Board and to report the colour of the paper on which it should be printed.

3. The Superintendent of Stationery is requested to expedite the despatch to the Superintendent, Government Press, of the coloured papers ordered in Board's Proceedings, Forest No. 477, dated 25th June 1897.

(True Copy and Extract.)

(Signed) N. S. BRODIE,
Acting Secretary.

To the Collector of Nilgiris.
" Superintendent of Stationery.
" " of Government Press.

READ—also the following letter from J. H. A. TREMENHEERE, Esq., Collector of Nilgiris, to the Conservator of Forests, Southern Circle, Coimbatore, dated Ootacamund, 8th July 1897, Ref. on Cur. No. 115-B.—1895-96 :—

With reference to paragraph 2 of Board's Resolution, Forest Mis. No. 618, dated 28th June 1897, a copy of which I enclose for your information, I have the honour to suggest that no particular form for special grazing permits seems required in this district. The ordinary form on white paper with a distinctive mark will probably answer all practical purposes at present.

2. Blue, white, green and yellow have already been allotted to the several kinds of ordinary permits and I would, therefore, propose for your consideration the following arrangement for special permits :—

For buffaloes.—A blue band, one inch broad, across the centre.

For cows, bulls, horses, ponies and asses.—A similar band in scarlet.

For sheep.—A green band.

For goats.—A yellow band.

3. If necessary there might be printed on the band in the vernacular, in thick type, the class of cattle for which the permit is issued.

4. Four samples are herewith forwarded. The permits for goats is not required in this district at present.

Ref. No. 242.

Forwarded to the Secretary, Land Revenue Commissioners. In this matter it is difficult to advise the Forest Member, for the correspondence has not been carried on through the Conservator's office and from the extract given it is not clear what permits are referred to.

The question of form and colour of permits is not, however, one of much importance, but as bearing upon it, it must be said that the separate licensing of grazing in the numerous compartments into which the district is divided up must of necessity complicate any license system under which the grazing is to be carried on.

Coimbatore,
21st July 1897.

(Signed) E. D. M. HOOPER,
Ag. Conservator of Forests, S.C.

Reference on the above, dated 25th August 1897.

Referred to the Superintendent, Government Press, for report as to whether he can arrange for the coloured bands being printed as proposed by Mr. Tremeneheere.

(Signed) R. C. C. CARR,
Secretary.

To the Superintendent, Government Press, with
Collector's letter and its enclosures in original (to be returned).

READ—also the following letter from R. HILL, Esq., Superintendent, Government Press, Madras, to the Secretary to the Board of Revenue (Land Revenue), dated 30th August 1897, No. 3833 :—

In reply to Board's (Land Revenue) Reference on Forest No. 2144, dated 25th August 1897, I have the honour to state that to print the coloured bands on the four kinds of special grazing permits will double the cost for printing these forms, and will take a longer time. As only three colours of paper (blue, green and yellow) are used, with white paper for the fourth form for the ordinary grazing permits, I have the honour to propose that four other coloured papers be used for these special grazing permits, viz., cerise, deep orange, salmon and brown.

2. The Superintendent of Stationery can obtain these coloured papers from Calcutta, and the cost for printing these forms will not be enhanced.

3. Samples of these papers are attached.

4. The Collector's letter and its enclosures are herewith returned.

4 BOARD OF REVENUE (LAND REVENUE), FOREST No. 393, 8TH SEPTEMBER 1897.

RESOLUTION—Forest No. 393, dated 8th September 1897.

In his letter embodied in the Proceedings read again above, the Collector of Nilgiris applied for the supply of special grazing permits referred to in Rule IV of the rules relating to grazing permits printed in Board's Proceedings, Forest No. 83, dated 26th February 1897. The form and colour of the paper to be used not having been prescribed, the Collector was requested to submit proposals in consultation with the Conservator.

2. In his letter of the 8th July 1897, Ref. on Cur. No. 115-B.—1895-96, Mr. Tremenheere stated that no particular form was required and that the ordinary permit on white paper with a distinctive coloured band across the centre would answer all practical purposes. He suggested at the same time that the class of cattle, for which the permit was to be used, might be printed on the band in the vernacular.

3. The Superintendent, Government Press, reports that to print the coloured bands will double the cost for printing the forms and will take longer. He proposes that the special permits may be printed on paper of different colours from those used

Cerise.
Deep orange.

Salmon.
Brown.

for ordinary permits and suggests the marginally-noted colours for adoption.

The Board resolves to accept his suggestion

and to direct that the special permits may be printed as under :—

[illegible]
