REVENUE DEPARTMENT
Tinnevely COLLECTOR'S OFFICE,
STATION,

Dated 5th January 1897.

FROM

A. W. B. Higgins Esq.,
COLLECTOR OF

TO

THE SECRETARY TO THE COMMISSIONERS
OF Land Revenue,

Madras.

SIR,

In reply to B. P. No. 420 dated 12th November 1896, I have the honor to state that no receipts are likely to be obtained from other departments of government during the year excepting charges incurred on the "Margarita" when she was placed at the disposal of the collector of Malabar for the Laccadive trip and during the Pambau inspection tour of the Presidency Port Officer. Amount of Rs 7177-12-7 was spent under the former and Rs 302-13-4 under the latter

latter item. These amounts have been debited to 21 Marine and 32 Miscellaneous (Pearl Fishery charges). The necessary adjustment to 18 Marine having to be made by the Accountant General, the amount of Rs 7480 adjustable has not been shown as probable receipts under a misapprehension by the Port Officer of a communication from this office that these items should not be shown under actual realization till necessary adjustments are effected. I request that this amount Rs 7480 may be shown as probable receipts in the revised estimate for 1896-97 under the item "Hire of Vessels" (Margarita and Irene), as application is under submission for carrying out the necessary adjustment before the close of the current official year.

year.

2. The variation under the revised and Sanctioned estimates under Establishment is due to the vacancy caused by the transfer of the second Engine driver of the "Margarita" to the Dredger "Menlock" during May, June and July 1896 and also for want of two firemen in September and October 1896 when the steamer was lying in harbour. The low expenditure under Supplies and services is attributed to the removal of the vessel to the Laccadive trip from December 1895 to 11 February 1896.

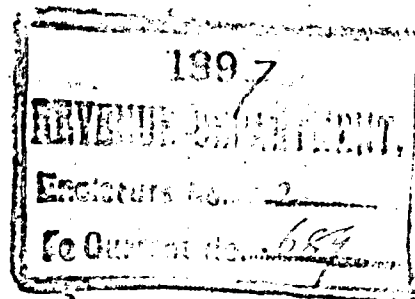

3. A statement showing the expenditure incurred during the three preceding years under supplies and services and under contingencies is enclosed. The low expenditure in 1893-94 was due to the late arrival
ah

at Intoxicum of the Pearl Fishery Vessels. The increased expenditure under Supplies and Services in 95-96 as compared with 94-95 was due to purchase of Coal and arrival of Engineer's expendible and dead stock &c from Bombay and Calcutta for the use of the steamer. The decrease under contingencies is attributed to several items hitherto classified under that item having been classified in 95-96 under supplies and services.

I have the honor to be,
Sir,

Your most obedient servant
