mitted for the construction of a new record-room (side plan).

The ^{area} dimensions of the old record room are 50 ft 2 in x 9 ft 9 in, and that of the new one 40 by 15 ft.

Requesting no reason is known. As the papers were returned to the Bd & probably thence to the Col, the Sub Col's letter could not be put up. The existing accommodation is obviously scanty.

According to the standard design, the record-room is to open into the Sheristadai room, which is not the case in the plan now submitted. Lastly, it is not known what new

to be made of the present record room, which is a fairly large one. The above draft is submitted for approval.

The idea is to convert the present mud room into accommodation for clerks and to utilize the new room for mud only. Owing to the proximity of the Sheristadai house it is not possible to put the room anywhere but where proposed.
