RESOLUTION—No. 299, dated 8th September 1897.

A consolidated forecast of stores required from England for 1898-99 is submitted to Government for transmission to the Secretary of State.

2. The Collector of Tinnevely forecasts for Chubb's padlocks of different dimensions. These should be obtained from the Superintendent of Stationery, Madras. The Collector of Trichinopoly asks for a Wharfedale printing machine, royal size, on the ground that, without it, the work connected with the District Press cannot be efficiently conducted. The Superintendent of Government Press is requested to favour the Board with his opinion as to whether the supply of the machine in question is necessary, seeing that all forms are now being issued from Madras—*vide* Government Order, No. 679, Financial, dated 10th September 1895.
