No. Transcript to Government, Revenue Department with reference to Mis. G.O. No. 3110, Dated 30th May 1888.

[illegible]
Acting Secretary

Chittagong :- Decrease in sales in Chittagong (Bengal) is reported to be due to the opening of the East Coast Railway and the consequent facilities for the transport of Sea-Coast Manufactured Salt.

Ghatsur (Madras) A :- Decrease in sales is due to the failure of Cuttack merchants to Nowpadas where the salt is selling at a comparatively low rate owing to the facilities provided by the Railways for the transport of that salt from Cuttack. Decrease in Collections is due to smaller cash sales.

Ichapore B. :- Increase in sales is due to the Cuttack traders resorting to Nowpadas for the purchase of Excise salt to the sale of Manufactured salt at Kanarak by auction and to the absence of Rains at Gobindapatam which is said to have rendered some of the Agri cultivators to trade in salt. Increase in Collections is due to larger cash sales.

Mora Khurdah D :- Decrease in sales is due to the bad quality of the salt on sale at the Mangimapudi factory. Decrease in Collections is due to larger cash sales and larger realizations on account of previous credits.

Nellore E :- Increase in sales is due to (1) a large number of persons from Cuddapah resorting to the Sekapalle factory on account of the light salt sold there and (2) competition among the licensees of the Krishnapatnam factory and its extensions and to there being no cess during the current year in the Excise factory and Decrease in Collections is due to smaller realizations on account of previous credits.

Chengelpat F :- Increase in sales during the month is attributed to the low price at which salt is sold at the Muttukadu and Chemmenpet factories. Decrease in sales up to the month is due to the heavy rains

Varies

during November and in the early part of December. Decrease in Collections is due to smaller realizations on account of previous credits.

Negapatam :- Decrease in Sales during the month has not been taken factorily explained. Decrease in sales upto the month is due to the high rate at which Messrs Parry and Co's sell their salt at Manambedi to the inability of the Licensees at Magilamkottai to deal independently of the Capitalists whose agreement with the former expired by the end of 1895 and who have not yet renewed their contract. Decrease in Collections is due to smaller realizations on account of previous credits

Tuticorin :- Decrease in sales is due to the bad quality of the salt sold at the Manakudi factory and to the larger demand for salt for export in the corresponding period of last year. Decrease in Collections is due to smaller realisations on account of previous credits.

Cuddalore :- Decrease in Sales is due to the unfavourable character of the season for fishing.
