Approving of the proposal of the Deputy Commissioner, Central Division, for certain reductions in the establishment sanctioned for the Pattikonda taluk in the Kurnool district, and submitting to Government for sanction two proposition statements in connection therewith.

2 BOARD OF REVENUE (SEPARATE REVENUE), No. 385, 10TH SEPTEMBER 1897.

PROCEEDINGS OF THE BOARD OF REVENUE
(SEPARATE REVENUE).

READ—the following letter from C. G. TODHUNTER, Esq., I.C.S., Acting Deputy Commissioner of Salt, Abkari and Customs Revenue, Central Division, to the Secretary to the Commissioner of Salt, Abkari and Separate Revenue, dated 12th August 1897, No. 4427:—

In reply to Board's Proceedings, No. 1826, dated 6th May 1897, calling for information as to what reduction can be made in the establishment of the Pattikonda taluk of the Kurnool district on the introduction of the tree-tax system into the neighbouring areas of Anantapur and Bellary, I have the honour to report as follows.

2. The existing staff consists of four Sub-Inspectors in charge of ranges conterminous with the Revenue Inspectors' firkas with an orderly of six peons each and two parties each of one Petty officer and five peons.

3. The parties, which are solely employed on frontier work, have in no way justified their existence and might have been abolished in any case. They may certainly be done away with on the introduction of the tree-tax system into Bellary and Anantapur.

4. The Sub-Inspectors are employed for both frontier and ordinary work, but the former will cease on the 1st October next. As regards the ordinary work, the year has, of course, been a bad one to judge from, but the number of trees marked is very small as will be seen by the following figures:—

Gonagundla range	...	...	...	...	...	...	...	363
Kapatralla	..	...	...	...	...	...	...	673
Pattikonda	..	...	...	...	...	...	...	1,641
Pyapali	..	...	...	...	...	...	...	613

The Sub-Inspectors of the first two ranges have at the same time only detected two and one cases respectively. The Assistant Commissioner therefore proposes to amalgamate the two which I think may safely be done.

5. The net result of these proposals is a saving of Rs. 178 per mensem or Rs. 2,136 per annum.

RESOLUTION—No. 385, dated 10th September 1897.

The Deputy Commissioner's proposals for reduction of the establishment are approved. The establishment may be provided for in the arrangements now being made for the Bellary and Anantapur districts.

2. The necessary proposition statements will be submitted to Government for approval.
