Note.

Provision has been made in the Current year's budget to meet the charge. The further retention for one year asked for is doubtless necessary, but it is not possible to decide for how long i.e. for how many years more the special establishment is needed in the absence of information as to what progress has been made since the causes which retarded work at the outset ceased, this work, and what remains to be done. A reference on these points has been called for in G.O. No 4343, d/ 19.8.1897 vide
