BOARD OF REVENUE (LAND REVENUE), FOREST No. 578, 18TH DECEMBER 1896.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ—again Proceedings of the Board of Revenue (Land Revenue), No. 535, dated 30th November 1896.

ABSTRACT.—Communicating to the Collector of Coimbatore and the Conservator of Forests, Southern Circle, Government Order ordering the postponement of the submission of the revised notification under section 16 of the Forest Act for the constitution of the Gutialattur block, in the Satyamangalam taluk, as a reserved forest, until the reserve has been surveyed by the Government of India Party, and issuing instructions regarding the systematic arrangement of the rights of way, &c., admitted within reserved forests.

RESOLUTION—Forest No. 578, dated 18th December 1896.

In passing orders on the final reservation of a certain block, Government observed that as notifications under section 16 of the Forest Act are permanent records to which reference may frequently be required in the future, no pains should be spared to render them absolutely precise, accurate and clear, not only to persons acquainted with the locality concerned, but also to those having no local knowledge, and at the same time laid much stress on the necessity for a systematic arrangement of the several rights allowed within reserved forests, with reference to their position on the map so as to facilitate verification. The Board, therefore, resolves to issue the following instructions for the guidance of the Forest Settlement-officers in the preparation of the draft final notifications that accompany the Settlement records:—

(i) The several rights existing within a reserve should be classified under a few heads, such as patta holdings and village enclosures, rights of way, temples, burning and burial grounds, rights to the use of water, grazing, &c.

(ii) Serial numbers should be assigned in each class, beginning at the left hand side of the north boundary and working round in the direction followed by the boundary description. These numbers should be indicated on the map and specified in the remarks column of the register so as to admit of easy verification.

(iii) In the case of hamlets and other big enclosures, it would be as well to specify in the claim register the several fields, &c., to which rights have been claimed and the total area demarcated out, so as to secure agreement between the register and the notification.

(iv) As regards the rights of way, the temples, burning or burial grounds or water sources, the points of entry and exit of the paths with their direction and distance, and the extent and position of the others should be accurately given with reference to corners of adjoining fields, if any, or other well-known natural features or recognized marks such as cairns erected for the purpose, so as to enable any person, with or without local knowledge, to verify them on the ground without much difficulty.

2 BOARD OF REVENUE (LAND REVENUE), FOREST No. 578, 18TH DECEMBER 1896.

(v) With regard to rights near the centre of a block, the Board cannot lay down any hard and fast rule in respect of their order of position on the map ; but Forest Settlement-officers should use their discretion in the matter.
