The petr is the contractor of the toddyshops in Manneppinnè and certain other villages. The shops were leased out to him at a time when the district was not threatened with famine & when people were all contented and happy. But now when people struggle hard for their daily bread the ~~petr~~ sales in the shops are very dull and the proceeds do not amount even to a couple of annas a day. As remission of assessment on lands has been granted to ryots on account of famine the petr prays that the fees he is required to pay on his shops may be also remitted.
