(Rev. Sett., L. R. & Agri.).

Order

The tank in this District has been found reduced 33 percent below the code tank in some instances of work. It is an instance of that not even when the tank has not been touched and any other except on those items of work for which 75 men have responsible.

16.1.97

× I do not see a new! If not what order is suggested

REVENUE BOARD OFFICE
MADRAS.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture).

Dated 5th January 1897.

No. 49 mis.

READ Revised task return for the Pulivendla Taluk for the first fortnight of December 1896 submitted by the Collector of Cuddapah, dated 2nd January 1897 Dis: No: 19/Rev:

Read also task return of Cuddapah district for the 2nd fortnight of December 1896 submitted by the Collector of Cuddapah, dated 2nd January 1897 No: 20. 49/Rev:

Resolution

Submitted to Government.

2. It is observed that all the gangs in Pulivendla were put in Class B in the first fortnight of December and in Class C in the second fortnight. This classification could hardly have followed Section 96 of the Famine Code. The Collector is requested to explain. The adaptation of the work to be done to the gangs concerned should be attained under the Code by modifying the

the task rather than by altering the classification.

3. It should also be stated whether the metal-breaking gangs in this taluk which were fined 30 per cent of the C class wage were furnished with suitable tools and suitably fitted rings for holding the stones.

26/1/97

J.GH
27.1.97

G.O. Mis No. 557 dated 29th January 1897
Recorded.

29/1/97.

With reference to the H.M's remarks on the above current.

It was intended to record the current, but to bring to notice at the same time two points in connection with the statement no I. The first of these is that in some instances the task set has been below that prescribed in the famine code as shown below :—

Item in Statement.	units	work assigned to unit in the Statement cft.	work assigned to unit under code cft.
1.	1172	.00	1.00 (class B)
3.	1022	.64	1.25 (class C)
4	391	1.7	8.1

2. The second point is that in spite of the reduction of the task, the quantity of work to be turned out was exceeded only in four cases those numbered 1. 6. 9 and 10.

KG
22/1/97

With reference to the delay in circulation it is respectfully submitted that the papers passed by the Hon'ble Mr. Grose on the 9th were received in the office

C 9/1

R. 29/1/97

the 11th, the 10th being Sunday. They were handed over to the Public Deptt on the 11th evening for circulation (the Public Deptt is in charge of the circulation ~~work~~) but they were sent to H.E. on the 13th as the 12th was a close holiday on account of Pongal.
